A New Invention, the Acme of Economy and Efficiency.

It consumes water and crude oil, and furnishes heat in the most convenient and economical form for domestic use. It is as much superior to any other burner as an electric light is to a tallow candle. It is easily manipulated and a high or low degree of heat obtained by simply turning the supply valves at the will of the operator. It will boil a quart of water in less than two minutes, and a gallon in just eight minutes, and heat the oven for baking in less than half the time required when coal or wood is used as fuel.

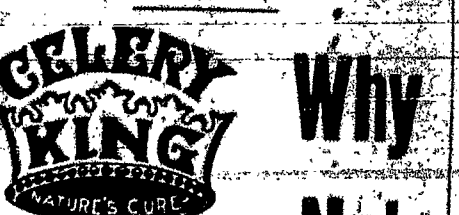

Unlike any other burner ever shown. It burns quietly, making no more noise than a wood fire, and at the same time the most perfect combustion of all. It is safe, as the fuel is obtained, so there is no waste of fuel or clogging or carbonizing of the burner in the stove. It is easily installed in any stove, range, furnace or hot water heating apparatus. These burners are sold only by the American Water Fuel Co., Rochester, N. Y.

An Eastside Opportunity.

Speaking about opportunities; a conversation with Mr. Perkins who is the developer of "Eastside" convinces us that the best opportunity ever offered to the people of Rochester and vicinity to acquire a building lot in the best and most promising section of our beautiful city is at hand. As the large advertisement on another page announces, Mr. Perkins is offering free car fares to those who are interested in "a good thing." We have no doubt that a large number of people will take advantage of his offer to investigate the proposition.

The West Shore Railroad

Is a most convenient route between Rochester and New York. Fare only \$7. Trains leave 6:08 and 10:57 a.m., 7:02 and 9:24 p.m. All fast trains with Pullman cars and coaches. Ticket once, 20 State St.

Why Not Both

"LIKLY" BAGGAGE

recommends itself to your consideration for these reasons, among others: It is different from all other kinds. Its design is new, exclusive and always practical. Its construction is honest; no shabby "short cuts" are used by the workmen in our factories. Materials are the best to be had; no shoddy imitations take the place of quality lumber, steel, brass, bronze, fiber, rawhide, leather, duck, linen or anything else that enters into the manufacture of our goods. Our product has back of it the reputation of a success sixty odd years old. It is a Rochester product, carrying the iron-clad guarantee of a Rochester manufacturer. It is more widely known, more popular and sold over a wider territory than any other brand. Our line is famous as including the most unique mechanical inventions known to the trade, the strongest and the lightest weight trunks, traveling bags and suit cases ever manufactured, either in America or abroad. The general supremacy of our product is due to the correctness of the principles that form the foundation of all our methods of building, principles not adopted by any other makers. Beyond this, you can surely find what you are looking for in one or another of our more than three hundred varied styles.

A Summer Special.

one of three mentioned here to show you what a real trunk you can buy at our store at a very reasonable price. Best box construction—rub-joint—basewood—vulcanized fibre in rusted color—handles—brass—clamps—heavy dowels and handle bolts, extra heavy catches—fine Excelsior lock, slip handles and heavy straps with brass Equipment includes top tray with cover and one extra tray—both regularly re-enforced with "Likly" patent features. This trunk has a stylish, attractive appearance and can be trusted to stand all sorts of knocking about and use may travel. It is made exactly as we sell you it is made, and it is worth your while to know what you are paying for when you buy baggage in Rochester. You can buy this excellent trunk at any time in our store at a lower price than you will be charged elsewhere for a very poor article. Note the figures:

Length in inches	32	34	36	40
Price	\$8	\$10.50	\$12	\$15
