**NAMED BY THE PEOPLE**

Half a century ago, Rev. Fr. John O'Brien of Lowell, Mass., through overwork and exposure, became seriously run down. A cold and stubborn cough and lung trouble threatened his life. An eminent specialist gave Father John, as he was fondly called, a prescription to cure the cold and remove the lung troubles as well as to build up and strengthen the body. The clergyman began to improve at once, the cough disappeared and his lungs healed. It corrected his digestion, made new tissues and Father John was soon restored to his former health and strength.
