## Cheapest Lots Ever Offered

**\$500 Each**

Including All Street Improvements, Fully Paid—Only 10 Lots Will be Sold at This Price—25 to Choose From—Small Payment Down, Balance Weekly and Monthly

If you want to build a home or invest a little money, this is one of the best opportunities ever offered. You never before had a chance to secure a fine building lot on an improved street, for FIVE HUNDRED DOLLARS.

Holbrook Street, which has every modern improvement, all fully paid, can be reached within ten minutes from the city center, and is more than half a mile inside the city limits.

There are a large number of fine new houses on the street, all occupied by the owners, and the neighborhood is one of the most desirable in Rochester.

The lots are large and the street is beautifully improved with CEMENT WALKS, CURBING, PAVEMENT, SEWER, WATER, GAS, ELECTRIC LIGHTS and an abundance of SHADE TREES on both sides of the street.

Holbrook Street is directly in the path of the city's greatest growth, more houses have been built in this section during the past few years than in any other part of the city.

Another year will probably see a beautiful City Park laid out within a stone's throw of these lots, which will greatly enhance the value of all the property in this neighborhood.

An opportunity like this is seldom offered, all you need is a little money to start with, and you will reap the benefit of the increase in value, while you are making your payments.

After all, "cash is believin'" and the surest way to get yourself out of the value of these lots, is to take a NORTH AVENUE CAR and go and look over the property. Ask those who live there what they think of their investment. Try to buy any of the lots and you'll find not one is for sale.

But 10 more of these choice lots will be sold at the "ground floor" price of \$500 each. Don't wait until it is too late, but go to-day and look up this offer.
