AUBURN, N. Y.
The lecture on last Sunday night
by the Rev. Thomas F. Burke of
New York City for the benefit of
the Auburn Asylum was one of the
greatest treats ever given the citi-
zens of the city. The concert that
preceded the lecture was of a high
order. James A. Hennessey, baritone,
opened the program with a de-
lightful solo. Madame Chapeaux
of Syracuse, one of the best singers
ever heard in this city, was given a
great ovation and also responded
to an encore after the lecture num-
ber. Stephen J. Murphy, Auburn's
favorite tenor, sang one of his de-
lightful numbers to the satisfaction
of the audience. The audience,
though not as large as it should
have been, was very appreciative to
the talent in the concert. Father
Burke was introduced to the audi-
ence by Rev. Father Hickey, pastor
of the Holy Family Church. Father
Burke took for his subject, "Charity
the Child of the Church." He spoke
on his topic for over one hour and
a half and had his listeners with him
every minute.

His discourse was the best ever
heard and his delivery, though
stopped by a severe cold, was fine.
The fine part of the lecture was the
finale in which the eloquent Paulist
showed his great talent in the lec-
ture line. Father Burke was the
recipient of a round of applause
upon the finish of his lecture. Au-
burn Council, Knights of Colum-
bus, occupied seats on the stage and
made a fine showing. The several
priests of the city occupied the front
rows of seats. Among the out of
town clergy were Rev. J. B. Doran
of Groton; Rev. C. A. Silke of Mo-
ravia; Rev. Father Gomminger of
Lyons.

Auburn Council, Knights of Co-
lumbus, will hold a musical for its
members on next Friday night in
the council room of the order. The
lecture as part of the musical will
be fully explained by Mr. Arm-
strong, who is to deliver the mu-
sical. The friends of the Knights
are invited to hear the well known
musician explain fully the Irish
music. One week from Wednes-
day the Council will give its annual
dancing party to the members and
lady friends and families of the
members. It will be held in the
assembly room of the Council.

The entertainment by the St.
Aloysius Dramatic Club, which was
postponed on account of the death
of the father of Charles O'Neill,
one of the members of the cast. The
date of the production will be an-
nounced later.

The marriage of Miss Katherine
Boyle to William Bergan took place
at the Holy Family Church on
Wednesday morning. The mari-
age was a quite one, only the im-
mediate friends and relatives of the
contracting parties being present.
After a wedding tour the couple
will reside in this city. Mr. Bergan
is a popular employee of the Gene-
see. His friends on Tuesday night
gave him a great horning through-
out the city. He was captured by
the leaders of the crowd and made
to ride about town in the express
wagon that was provided for him.

CANANDAIGUA.
The funeral of Mrs. Margaret
Hogan of Rushville took place from
St. Mary's Monday morning.
Mrs. J. W. Wade received the
sad news Saturday of the death at
the convent in Satillo, Mex., of her
sister, known in religion as Sister
Mary of the Annunciation.

The Rosary ladies realized from
their recent sale the goodly sum of
\$50.
At the prize speaking contest last
Thursday evening at the High
School, Walter Stewart carried off
the boys' first prize and Clara Fal-
lon the girls' second. We con-
gratulate these young people and
wish them even greater things in
the future.

The S. T. A. R. Circle meets
Friday evening. The Jacobite wars
and the Btle of the Boyne will be
considered.

The C. M. B. A. will doubtless
eclipse all other organizations in
turning out next Sunday to receive
Holy Communion in a body.

Thomas Rattery and family of
Hopewell have recently come to
town and are located in Brooks
Street.
Cards were distributed last Sun-
day, to be filled out and returned,
which will determine the desire of
the parishioners to proceed with the
building of a new rectory this year
or not. The proposed rectory will
probably be of Canandaigua
pressed brick, if a favorable de-
cision is reached. The cards will
be collected in the church next Sun-
day.

Some of the young people of the
parish are planning for a general
after-Easter reunion of the people
of the parish, young and old. Local
and out of town talent will be em-
ployed to entertain and an all-round
good time is promised. It will be
early in the week.

Magnificent Collection of Pianos
At Prices Beyond Compare

In connection with this extensive retail business, which is to be known far and wide
for the attractiveness of its merchandise, liberality of its policy and absolute fairness of its
prices, we are able to give to Rochester and vicinity its only Piano Store, wherein Instruments
of character and tone quality
are to be distributed and sold
on the basis of fair, legitimate
dry goods prices.

To this department, we
have allotted splendid
show rooms on the Fourth
Floor--and at the very
beginning we invite you
to a sale of superior
instruments, on which the
actual saving will average
from \$75 to \$150 over the
usual Piano Store prices

The basic principle of this
business all the way through
is to sell you the very best of
merchandise, for the least
possible cost. By no other
method would we have installed a Piano Department.
We believe the thousands of patrons of this New
Store, will welcome such a feature in Rochester. For
back of the sale of every piano here, will be the assurance that you are protected not only
in quality but in price--that the guarantee of a house that aims to be fair and just at every
turn, will care for your interests.

By way of introduced, and to acquaint you with our Piano facilities, we shall place
within your reach

100 Superb Uprights and Grands

of different standard makes that are familiar to you, because in some homes where you visit;
there is almost sure to be one of the makes we have in stock. A number of them are local
products--proud indeed should Rochester be that such pianos are made here. Like the Kodak
--their reputation is widespread.

They are instruments which will find favor amongst students, teachers and
professionals; in studios, conservatories and schools, as well as for the beginner
or the artist at home. Each one a masterpiece of construction--worthy, not only
because they have the soul of music--but built to last a lifetime, with fair usage.

Machinist Tools

Need to be made of good material and put
together strongly. Poorly made or even half
decent tools cannot be used. The work to
which these tools are put demands that they
be accurate and strong. The tools made by
Brown & Sharpe or L. S. Starrett need no
introduction to the skilled machinist. They
speak for themselves. They are the best tools
of their kind made. We have a complete stock
of both makes. If we haven't it on hand we
will get it for you.
