By Alice de Carrett.

Miss Gilchrist had boarded an elevated train on her way to the shop-EFFORT TO CHECK VICE ping district. It was crowded with men and women going to business, So Easily Procured it Has Brought but she was fortunate enough to get a corner seat, next to those running crosswise. It was not 9 o'clock yet, but Miss Gilchrist was anxious to get to the shops early and have her purchases sent home before night. There were several things, an evening waist or two, a fashionable by anybody.

ing, the dashing New Yorker whom recently appeared among them, as she had met the summer before at some observing persons have noticed. her home in Pineville. His advent many faces of a very different exhad made her extremely critical of pression. With the features sharpthe men she had known before, par-sened and) eyes dulled and sunken ticularly of Oliver Leighton, the until their appearance is ghastly. greatest catch of Pineville. At any The change is due to the alarming time previous she would have taken spread among these newsboys of the Oliver joyfully for better or worse, cocaine habit. The victims of the had she been able to bring him to drug are numbered by the hundreds the point of asking her to, but now among the newsboys slone. she began to keep him at bay with Scarcely a day passes without a discreet mixture of coyness and some case of cocaine poisoning apcoquetry that bewildered him, and pearing in the police courts of the
