Oil and Gasoline Stoves.

Gradually the plans for summer comfort and convenience at home or in the cottage have to be attended to. It behooves the housewife, who is not supplied with summer cooking apparatus, to inform herself of the resources of House Furnishing Goods store in the line of oil and gasoline stoves.

With these helps one may have a fire when it is needed, and only at those times, and both heat and cost of fuel are reduced to a minimum.

Brooklyn "Blue Flame" oil stoves, two and three burners, with high and low standards, from \$4 to \$11. Flat wick oil stoves, one, two, three and four burners round and square frames, from 39c to \$1.48.

"Insurance" and "Process" gasoline stoves which are examined and tested by the Underwriter's Laboratories and listed by the Consulting Engineers of the National Board of Fire Underwriters. They are made with japanned steel frames in cabinet pattern, with two, three and four burners; some have step for oven; with and without top shelves; others are equipped with warming closet, broiler and oven, priced from \$8.50 to \$31.

Single and double lined tin portable ovens, suitable for oil, gasoline and gas stoves, 98c and \$1.25.

Sheet steel portable ovens, single and double lined for one and two burner oil, gasoline or gas stoves, 88c to \$3.00.

Sibley, Lindsay & Curr Co.

The Continental Lawn Mower.

It is reasonable to expect that a lawn mower that is used almost constantly must be made strong and of good material. The Continental has a cylinder of four wheels made of crucible steel and for that reason is very durable. The Continental is made in high and low wheels, the former is especially adapted for places where the grass is from four to five inches in height or very thick. It is finely enameled with trimmings of gilt. See them in constant use at Mt. Hope or Holy Sepulchre and Riverside cemeteries and in the parks.

Five Minute Sermon

Descent of the Holy Ghost

Jesus tells those who sincerely love Him that they will show this love for Him by faithfully observing His precepts, and that in return for their love the Eternal Father will love them and, together with himself and the Holy Ghost, will come to them, not only with His grace to preserve them in righteousness, to urge them to be perfect, to protect them and to enrich them with His blessings, but also to abide with them, to unite them to Himself, to make them a living temple of His divine majesty.

We should admire and adore the power of the Holy Ghost, and beseech Him to renew His wonders in our souls, and render thanks to God, Who, on that day and in such manner, accomplished the mysteries of the faith and the establishment of His holy church.

Weekly Church Calendar

Sunday May 10—Goepel, St. John xiv, 28 31—St. Peter Celestin, pope and confessor.
Monday 20—St. Bernardine of Siena, confessor.
Tuesday 21—St. Felix of Cataloe, confessor.
Wednesday 22—St. Rita, widow. Fast.
Thursday 23—St. John Baptist Rossi, confessor.
Friday 24—Bl. Lady, Help of Christians.
Saturday 25—St. Gregory VII, pope and confessor.

Forty Hours Devotion

The devotion of the "Forty Hours," will be held in the churches of the diocese of Rochester as follows:
May 10—St. Monica's Rochester, Stanley, Shortsville; Bath; Cayuga.

St. Mary's Hospital.

Patient in Hospital April 1, 1907, 130; admitted, 155; births, 9; died, 18; discharged, 148; patients in hospital, May 1, 135.

Charity patients, 29; private, 87; city, county and town, 18; ward pay, 51; total, 185.

Total number of calls, 124; hurry, 25; No. of cases transferred to St. Mary's Hospital, 80; homes and stations, 24; taken to other hospitals, 9; not taken or cared for, 11.

Cook Opera House.

The famous musical comedy star, Stella Mayhew, is scheduled as one of the star attractions in next week's show at the Cook Opera House. It is promised that she will present a most attractive repertoire of songs. What is described as an attractive novelty, imported from J. H. Moore, will be the act of "The English Rockers." In this a whirlwind of pretty girls are said to dance with the precision and skill characteristic of English ballets. Stuart Barnes, the well known monologist, will present an act said to be replete with good fun. Henry Tighe and Company are down to have an offering called "Those College Days." Eddie Leonard will appear at the head of ten boys in a novelty blackface musical act. Acrobatics in which grotesquerie and agility are equally prominent factors will be offered by the Rianos, who masquerade as monkeys. Gymnastics of a novel sort are promised by the Belleclare Brothers, who make their first appearance in this city, and the Kita Benzai Japanese troupe will offer the usual Japanese stunts.

Lyceum Theater.

Klaw & Erlanger have prepared an exceptionally fine bill of advanced vaudeville for the patrons of the Lyceum Theater for next week. The headliner will be Mlle. Dazie, the world's most famous dancer; and the remainder of the bill will include Vasco, the mad musician; The Florenz Troupe, acrobats; Alexander and Bertie, aerialists; Radie Furman, singing comedienne; Maud Lambert, prima donna; Billy Clifford, Beau Brummel, comedian, and other acts.

Baker Theater.

"Big-Hearted Jim," a comedy drama in four acts, by W. L. Roberts will be the offering at the Baker Theater during the week beginning May 20th. Other attractions this week will be illustrated songs and moving pictures, with Murphy and Slater, dashing colored comedians, heading the vaudeville specialties, a strong feature that is sure to draw large houses, aside from the attraction of the play itself.

Catholic Notes

The English bishops are devoting much attention to Catholic federation. At the inaugural banquet of the Catholic Associations' Federation, held recently in London, the Archbishop of Westminster and the Bishop of Salford placed all possible emphasis on the necessity of organization if Catholics are to hold their own, either in regard to education or other vital matters. "The pronouncements," says the "Catholic Weekly," of London, "mark a new era in the domestic history of the Church in England. He must be dense indeed who cannot perceive the signs of the coming battle between the forces of atheistic, inexperienced, selfish and self-willed democracies and the Church, whilst the man who is content with ostrich-like measures of protection and defense fully deserves the calamitous consequences that must follow on helpless unpreparedness."

The "Lutheran" says: "The largest Bible in the world is found in Rome. It is written in Hebrew, and weighs 320 pounds. In 1512 a syndicate of Venetian Jews offered Pope Julius II. its weight in gold for it. The Pope refused. Its value would be \$375,000 accordingly." The "Catholic Standard and Times" comments: "Now, after this evidence, who will dare to deny that the Church of Rome insists on keeping the Bible from the people? They cannot get it for either love or money. The 'Lutheran' is doing great service in the cause of truth."

Says the "Catholic News": "A Methodist paper in its eulogy of the late Methodist Bishop McCabe remarked that he never passed a portrait of Abraham Lincoln without saluting it. And yet the very people who commend such a display of respect for the memory of a great American call Catholics idolaters when they salute a statue or picture of Christ, the Blessed Virgin or the Saints."

Commenting upon what it calls "an annual outrage," the "Catholic Transcript" says: "Commencement season will soon be tripping along and remonstrances against baccalaureate addresses and graduations in Protestant churches will no doubt be as numerous this year as in the past. The time to thwart these schemes is before they are planned. Catholic youths on the eve of graduation should not fear to register their protests in class meetings which arrange these affairs. Where school boards are constituted a committee of arrangements, tactful objection may be entered against converting these public affairs into quasi-religious demonstrations under evangelical auspices."

CANANDAIGUA.

Baptized last Sunday, Michael Dorso and Catherine Elizabeth McGrath.

Following out the plan suggested by the "Chronicle," the pupils of St. Mary's school will be prepared to furnish each a small potted plant for the decoration of the soldier's graves on Memorial day. They will deliver the plants at the post rooms the evening before. By special request all the flowers contributed by St. Mary's children will be used on the graves of the soldiers buried in Calvary cemetery.

Dr. Breen delivered a course of strong and eloquent sermons during the Triduum last week. The subjects were "Sin, the Evil Effects and Remedy of Sin," "The Duty of Prayer," "The Future Life." The collection next Sunday—Pentecost—will be for the Holy Father. A special effort will be made to raise a larger amount than usual to express our appreciation of the brave stand taken by the Sovereign Pontiff against the tyranny of the French government.

The third annual assessment for the paving of the streets has just been paid and St. Mary's corporation is one of the largest contributors in Canandaigua, the amount for this year being \$514.61, for Main, Gibson and Parrish Streets interests.

The excavation for the cellar of the new house is going forward rapidly.

The deceased members of the congregation were remembered in a high mass on Monday and on Friday Mrs. Jane McCarthy, a recently deceased member of the L. C. B. A.

Miss Mary Keefe, of Rochester, a former organist, visited her friends here Sunday evening and Monday.

LOCK ON POISON BOTTLE.

New Safeguard Device By a French Inventor to Avoid Poisoning.

In order to prevent persons from taking poison in mistake, a great deal of ingenuity has been expended. Bottles have been made in a variety of shapes and sizes, but probably the most ingenious device is a bottle which has been recently devised by a French inventor which is supplied with a lock and key so that there could be no possibility of error. The lock is on a spring secured to the neck of the bottle, and when pressed into place is secured automatically by a spring-like hasp. In order to release the cork it is necessary to make use of a key which is also secured to the neck of the bottle. The idea is entirely different from any other suggestions made to meet the demands of the case, and this piece of apparatus has received the endorsement of eminent physicians and toxicologists of Europe.

Work on a Freak Violin.

According to a Berlin correspondent of the London Express, an upholsterer named Karl Wagner, living at Munich has constructed a violin entirely out of wooden matches.

The instrument has a good tone, and the back is ornamented by a picture of the tower of the famous Frauenkirche.

Wagner first made a model of the parts in cardboard, and then glued over them the matches, which are perfectly joined. The cardboard was then removed and the parts put together.

Ten boxes of matches supplied the necessary wood, and Wagner was engaged for a year on the work. He has presented the violin to his son, who is a promising musician.

Money in Bogus Pennies.

Strangely enough, the most profitable coins to counterfeit are pennies, because for an expenditure of 18 cents 100 of them can be made, which leaves a profit of 82 cents on the dollar. The chief difficulty is in getting them into circulation. It also takes expert workmanship to make these pennies, because they must be made with a die. The best counterfeiters pay most of their attention to the making of quarters, half dollars and dollars. With silver at 80 cents an ounce a counterfeit can make five quarters from every ounce of silver that ring true and have every appearance of the real thing.—New York World.

Surgery for Ailing Trees.

One of the curiosities of modern forestry is the care of beautiful old shade trees. The amputation of diseased or dead limbs is as carefully performed to prevent further decay from the elements as in surgical operations on human beings. Decaying cavities are cleaned and filled with a preserving cement, as is done by the modern dentist. And the latest advance is to build a tin roof along the upper surface of wide-spreading branches where little hollows might hold dampness and promote decay. Some handsome patriarchs well deserve it.—Boston Herald.

The English Wedding Ring.

A man who was buying a wedding ring unconsciously imparted the information that the bride was an English woman. "Then this ring will never suit her," said the clerk. It is a good ring, but it is 18-karat. Nothing less than a 22-karat wedding ring will satisfy an English woman. The 18-karat ring is the usual wedding ring in this country, but in England and France, and indeed in most European countries, the bride would refuse at the very altar a man who offered to marry her with any other than a 22-karat ring.—New York Sun.

New Method of Cheating.

One of the growing methods of cheating in New York is by "short change." The system has taken firm root in many ticket offices and shops, and has notably increased when small payments are being made through dumbwaiters, in which latter instance the person delivering goods says too little was sent down or that he returned more than the receipt can find, and that there must have been a loss in transit.

Preparing his Sermons.

The Bishop of London spends no great amount of time in the planning of his sermons—forceful though they are. He writes them only on special occasions. Usually he selects a suitable text, ponders it for a moment, notes down the heads of his subject, verifies his quotations and references, and in the space of a few minutes he has settled the whole matter.

Will Not Wear Knee Breeches.

A representative of the Merchant Tailors' National Exchange says we shall never see knee breeches in America—"not even for evening dress." The modern city man is too spindle-shanked to wear them with distinction, a condition due to elevators, trolley cars and other modern leg-saving devices.

Carpets from Paper.

The proprietors of an Austrian carpet factory at Maffersdorf are stated to have acquired German patents which embody a method of manufacturing carpets or floor coverings from paper. The new material can be made in all colors, is washable, and will probably prove itself a rival to linoleum.

Sisters of Holy Cross

Write a Letter Indorsing Father John's Medicine as a Tonic and Body Builder.

"We cheerfully recommend Father John's Medicine as a good remedy for bronchial troubles and as a tonic and body builder for those who are weak and run down. Several persons of our institution have used it with beneficial results." (Signed) Sisters of Holy Cross 44 Chandler St., Nashua, N. H.

Father John's Medicine is a food medicine. Its ingredients are nourishing and strengthening. Nothing equals it as a tonic and body builder. It contains no alcohol or any injurious drugs. Get a bottle to-day, it will make you strong. Not a patent medicine.

NOTE—If your druggist does not have it, send \$1 for a large bottle, express prepaid, to Father John's Medicine, Lowell, Mass.

Father John's Medicine is for sale by The Bryan Drug House, 92 W. Main St., Rochester, N. Y.
