NO LACK OF JOCKEYS,

OATHOLIC JOURNAL

Plenty of Good Riding Material In Sight This Year.

STARS MAY BE DEVELOPED.

Many Fortunes Are Won, Spent and Lost on the Little Horse Pilots Each. Semson-McCarthy's Clever Work In the Saddle.

A lot of money is won and lost on lockeys in the course of a racing year, and fabulous sums are paid for their, services. These mites of lads are an Important part of the fascinating thoroughbred sport. Each season sees some new stars developed and the old stars dimmed in comparison.

Probably not since the days of Tod Sloane has the public seen a more consistent rider than Walter Miller. This youngster has rolled on the top wave of success for the past three seasons, much longer than the usual period. Other riders of the past have, as a rule, had but one big year of success, only to drop back among the ordinary.

O'Nell, O'Connor, Lyne, Hildebrand, Redfern, Fuller, Radtke and others might be cited as instances. They either become too tall, too heavy or oddly lost their skill. Walter Miller has retained his rare ability and even this year has ridden successfully on the coast tracks.

The season promises to be Joe Notter's year of top rung success. Notter is riding the Keene horses, and this alone should mean success. He was far and away the superior of any boy at New Orleans. Considering the retainer paid by Mr. Keene for first call on his services and the usual fees for outside mounts, Notter should earn something like a presidential salary this year.

The public just now is interested in the new boys, the development of the winter's racing, among whom is such promising material as Joe McCahey, Dalton McCarthy and little Fairbrother, who headed the list of riders at the Tampa meeting and who rode with fair success at Aqueduct, and Shilling. who did well on the California tracks. Just which of these youngsters will turn out best remains to be seen. Of course good horses make good riders, as the saying goes, and one or another of them may be favored by the best mounts.

It takes a good rider to bring the best horse home first under ordinary conditions, but a boy who can score on a second rate mount must be credited with some extraordinary cleverness, Such was the case with Joe McCahey recent Aqueduct meeting. He

won many a good race when it was

Fairbrother is another youngster of whom much may be expected. This lad's long suit is at finishing. He is not very big, but he seems able to hold a horse together in fine style on a stretch drive. He has won out in many a head finish against more experienced riders. Given half a chance, this boy will certainly make good.

In Bergen, the little son of the late Jockey Marty Bergen, Joe Marrone believes he has a comer. Many experts agree with Marrone too. Bergen has won some good races and with experience is sure to improve. The youngster can ride at eighty-nine pounds. Chief Archie Zimmer, the trainer who developed Grover Cleveland Fuller, has another boy in Steward Flynn who may turn out another Fuller. Of Ladies', Misses', Children's, Men's, Boys' and Youths' Shoes and course, like all youngsters, he must be given a chance.

Musgrave has been seen on the New 473 Main Street East role on the California circuit last York tracks before this season. He vinter and has improved wonderfully. Colonel Chinn, for whom he rides, thinks he has the equal of any boy now before the public in Musgrave. Musgrave won the Carter handleap on Jack Atkins.
