

OWEN D. DEWITT, REAL ESTATE.

The XXth Century Furnaces, Steam and Hot Water Boilers

The XXth Century Hot Air Furnace is the only one up-to-date in the market.

The XXth Century indestructible fire pot, constructed differently from any other made; burns all the gases from the coal and saves one third your coal bill.

Radiator

It has the most powerful radiator ever made. It has fifty feet of smoke travel, no heat escaping to the chimney.

Before purchasing a furnace let us show you the XXth Century and hand you a list of those already in use in Rochester.

Heating plans drawn and estimates given by our expert without charge.

Investigate to your own satisfaction.

and making rapid strokes to win public favor more and more. We are not drifting with the tide, but rather against the stream of opposition. We can keep afloat and our heads above water without fear of being swamped, or sinking, because we always carry a life-preserver of "honesty" to support us in the ebb and flow of trade.

The people who trade here come with the perfect confidence and certainty that every article purchased will prove all that we say of it. Were we to destroy that confidence we would be striking a blow at the very foundation of this business built years ago. It is a pleasure to trade at our store because the merchandise is always reasonable, always reliable and because the prices are always reasonable.
