A Suggestion or Two On Christmas Shopping

A word or two of advice and suggestion these busy days will smooth the trip wonderfully.

In the first place let us urge immediate attention to Christmas buying. Do not leave anything you can think of now until the end. Join the ranks of those who trade early in the month and early in the day. You will be surprised how much more rapidly you can do your errands at 8:30 A. M. than at 2:00 P. M.

Naturally at this time we have to call upon a large number of people to help serve you. Many of them are not inexperienced. Some come to us year after year at the Christmas season. There are quite a few who are not thoroughly acquainted with the store and all its ways.

If you desire direction as to where particular merchandise is to be found, ask a Floor Supervisor rather than a person behind the counter. The latter will endeavor to serve you correctly, but might be mistaken. It is the Floor man's duty to know.

When giving directions for the delivery of packages, make certain that your names and addresses are correctly written on address card.

For these last busy weeks we have improved the efficiency of the store service to its fullest extent. In most instances transactions will be completed through expeditiously and correctly. However, mistakes of the head, but not of the heart, may know that your store rights every wrong.

Choice Brass Goods

Desk Sets and separate pieces, Canteens and Condiment Sets, and other articles of use and ornamentation you will suggest themselves as gifts of a lasting character.

Clocks of all kinds

Our Clock Department is doing its full share toward making the holiday season so merry and satisfactory. Everything from the pocket watch to the grandest clock is the finest thing for the hall where you can find it.
