Style Supremacy in Ladies Tailored Suits.

It is no accident that the tailored garments in the Cloak and Suit Room, speak in loudest terms for style supremacy. Greatest care has been taken in the choosing of garments which represent this store's spring collection. Every minutest point of material, style of cutting, detail of tailoring, trimming and lining has been watched most particularly. The result is most satisfying, for the completed garments bear every ear-mark which should win the admiration of well dressed women.

Materials as most women know have a brilliant sheen, and when cut in one of the many stylish models of the season to give a slender appearance, trimmed with a touch of contrasting fabric on collar and sleeves, with an added embellishment of handsome buttons, lined with plain colored or fancy striped silk, the coat is a very handsome garment. The skirt is very simple this season, generally a straight gored skirt without plaits or trimming of any sort, though plaits in panel form are allowable and in good taste according to Fashion's dictates.

Colors are particularly charming, showing the soft shades of blue, tan, green, wood colors, rose, and wistaria.

There are exceedingly stylish suits here for as little as $13.75, and from this figure one may choose all the way up to hundreds of dollars.

The man's retreat which has been in progress during this week will close Sunday evening with services at 7:30. Rev. Mallory, the Jesuit who is conducting the retreat will preach the final sermon and will bless religious articles. It is indeed an edifying example to see how the men have entered into the spirit of the retreat, and are doing all in their power to better their lives and sanctify their souls.
