The "Nulife" Health Garment for \$2

Not long ago that we were selling this identical garment for \$3 and there was good value in it at that price.

It is a splendid thing for growing children as well as for men and women as it prevents the tendency to stooping which is so common and usually so hard to overcome.

It promotes deep breathing by holding the body in its natural position, preventing congestion and allowing the lungs to fill easily.

It is a simple little garment, so light that you are not aware of any added weight, and it is easily and readily put on or taken off.

Men will find the "Nulife" garment on sale in Men's Furnishings section in Aisle A; women and children will find it in the Corset section on Second floor.

Main Floor—Aisle A, and Second Floor.

ROCHESTER SAVINGS BANK

RESOURCES: \$2,500,000.00 SURPLUS: \$1,000,000.00

A BIT OF HISTORY. (NO. 2)

The first Savings Bank was organized in Scotland in 1810, but it was only nine years later that the first one was organized in America.

It is significant that the aim and purpose of savings banks has not changed, in the slightest degree, in 100 years. They have a two-fold purpose, and have always been the means of: First, encouraging thrift, by providing a profitable and absolutely safe investment for the small savings of the wage-earner; and, second, providing means for the acquiring of homes, by the same class.

The history of the Rochester Savings Bank is a record of true philanthropy, along these lines. It is your bank, for your use, and help.
