### FATHER KOENIG'S NERVE TONIC

What the Dominican News Says. Under date of September 4, 1909. The Dominican News of Newark, N. J., writes: Two members of our community have had Pastor Koenig's Nerve Tonic with favorable results. It has a most charming effect on the nervous system.

The states of the Good Shepherd at Florida, Ill., write Sept. 2, 1909. We used 2 bottles of Pastor Koenig's Nerve Tonic for a case of aggravated and obstinate insomnia, with extreme nervousness. The second bottle is not finished and a cure has been brought about by a physician worked in for 1 month. The patient sleeps like a child and the nervousness is less each day. **Rochester, N. Y., September 1909.**

For a free trial from week copies Pastor Koenig's Nerve Tonic is indispensable. It makes the feeling of anxiety disappear at once, one sleeps better and feels like getting stronger. This remedy is also good for bad stomach, it could not be better. I shall recommend it to all nervous people. **Mrs. A. WAGNER.**

**Olive Fremsted as She Appears in Private Life.**  
**Useful Hints.**  
To make old veils look crisp and fresh as new, wet them in hot water and press between newspapers. And this material which has lost its crispness can be made new appearing by sprinkling with borax water and pressing while damp. Take a teaspoonful of borax to a cup of water.  
The juice of a lemon in hot water when in the next is good for the face. It helps to reduce fat in skin.  
A girl who was very thin was so gaunt that people in taking her would say she was a skeleton. A wise woman took a tablespoonful of borax water and pressed it on her face. It helped her to gain weight and her face was altered.  
**How to Keep Violets**  
Lace curtains are very popular for the window. They are very attractive and when properly cared for they will last for years.  
To keep them in good condition, wash them in hot water and press them between newspapers. Do not use soap or any other cleaning material. Only borax water is safe for them. Press them while damp and they will be as good as new.  
To keep them from fading, hang them in a cool, dry place. Do not expose them to the sun or to any other source of heat. Generally keep the violets on the outside of my window.—Harper's Bazar.
