Picayune!

Why is it that when the Catholic educational institution outstrips its fellows and wins records in open competition...

For several years The Cook County Medical Society has conducted competitive examinations open to all students of Chicago educational institutions.

In recent tests, the students of Loyola Medical school have carried off the honors in these examinations, in one instance, at least, attaining an average of 100 per cent.

In answer to these insinuations Rev. H. J. Spaulding, S. J., for the faculty of Loyola Medical school has sent this statement to the Catholic Journal...

The following are the facts: The questions were framed by six physicians, one from each of the six leading colleges of the city.

That subsidized corporation, the Canadian Pacific railway company, has let it be known that henceforth it will not advertise in any denominational periodical or publication.

However, we feel sure that the Canadian Pacific will not refuse to sell its transportation to persons who profess religious faith or refuse to permit such to ship freight over its lines.

Most Rev. John J. Keane has resigned as Archbishop of Dubuque and Pope Pius X. has named as his successor the Rt. Rev. John J. Keane, bishop of Cheyenne.

Books Received

Realizing that the Catholic schools are here to stay and realizing, too, that the pupils in Catholic schools have to buy books, the American Book Company is entering the field of publishers of books for these parochial school boys and girls.

Rev. John Phelan, of Grand Junction, Iowa, has sent out through M. A. Donahue and Co., of Chicago, a three hundred page volume, presenting simple, solid reasons why Anglicans and other Protestants should return to the old Mother Church...

Net Se

Tom Watson has been making an advertising campaign in his magazine against the Catholic Church. In his manufactured frenzy, Tom declares that "The Catholic Hierarchy is the Deadliest Menace to our American Liberties and Civilization."

Already, the American Federation of Catholic Societies has paid attention to Tom, to the extent of losing him considerable and valuable advertising patronage. Under ordinary circumstances, we would not pay any more attention to Tom because we shrewdly suspect that all he wants is some free advertising.

Boycott, Too

That subsidized corporation, the Canadian Pacific railway company, has let it be known that henceforth it will not advertise in any denominational periodical or publication.

For Testing Gold. The acid used by jewelers for testing gold is extremely powerful and has to be very carefully handled. To prevent any considerable quantity of the acid being spilled a specially constructed bottle is employed.

It is reported that Mrs. Elise Martin, aged 32, of Rotterdam, Holland, has been cured of tuberculosis at Lourdes.

Rev. Fabian Ruano, who was recently ordained in Madrid, is 64 years old. After a professorship of many years in the Institute of Salamanca, his wife died and he determined to enter the Catholic priesthood.

General Bate's Unlighted Cigar. General William B. Bate of Tennessee after distinguished service in behalf of the south was governor and then United States senator.

Our First Steam Warship. The Fulton, which at the time of her construction in the early thirties was classed as a "steam battery," was the first United States warship that was propelled by steam.

Silent Lawyers. It is almost a maxim nowadays that a lawyer's real importance at the bar is in inverse ratio to his prominence in the papers.

Curious Justice. A Paris contemporary gives us a glimpse of the administration of justice among the natives in the Lower Niger territory, which for its efficacy might be compared with Swift's account of the means adopted by judicial authorities in Laputa.

For Neglect of GARBAGE. Collection to insure Prompt Attention. GENESEE REDUCTION CO. Foot of Falls Street

THE ECONOMIC DRUG STORE. Cut Rates on Everything. For coughs and colds try No. 6250. M. R. Connor, 182 W. Main St.
