

THE RED CROSS

Combination Range

(For Summer or Winter)

Coal or Gas

Either or Both

No more space required in your kitchen than with an ordinary range. With an improved Gas Water Heater sufficient hot water for all ordinary requirements can be had in 10 minutes.

Special attention is directed to the vent pipe to chimney—thereby eliminating all possible dangers from gas fumes.

A complete Gas Oven attachment for Baking, Boiling or Broiling attached to the end of the Range. One of these gas ovens may now be attached to any Red Cross Range of recent construction.

Do not be beguiled into dispensing with the comforts of a kitchen range for coal or gas.

A Wonderful Rheumatic Cure!
 Mrs. M. E. McMahon, May 11, '11
 Rensselaer County, N.Y.
 216 West Ave., Rochester, N.Y.

Dear Sir—I feel compelled to issue this statement of what your medicine has done for me. I have been suffering for many years with rheumatism in my hands and feet. My hands were so stiff that I was afraid to comb my hair. My feet were so painful that I could not walk. I had tried every medicine I could get, but nothing helped. I was almost blind, but after one application of your medicine, the pain ceased to fall, and one 50c bottle completely cured both my hands and feet.

Very Gratefully,

WOMEN WITH BLACK AND WHITE STRIPED ORGANS
 Paris is mad over stripes. Even fur coats have the pairs cleverly arranged to give a striped effect, and for tailored wear two toned wool mixtures showing a stripe in the waist, are much more fashionable than plain cloths.

The black and white striped suit illustrated with an ermine collar, a black velvet jacket and coat trimmings of white cloth and black velvet is the latest of the fashion.

Now they change it to a brown. Double-breasted suits are made up in the same style as the black and white striped suits. The big change is in the color of the trimmings. The new suits are made up in a variety of colors, and the new suits are made up in a variety of colors.

How's Way to Sew Hooks and Eyes
 To sew on hooks and eyes, first take needle just the length of the distance apart you want your hooks. Make eye with double thread by cutting two stitches at same place with the width of the hook, buttonhole the stitch and run needle between the material just the length of the needle to make the next and so on. Sew on hooks a needle hole in front and you have them all eyes.

Gown for the Older Woman
 This rich costume was worn recently by the grandmother of a bride at a fashionable wedding. The black, well-shaped drapery on the skirt keeps the

Care of the Hands
 Have you ever seen hands so smooth, so soft, so actually beautiful as those of the women of the world? And haven't you noticed that these hands that nature has so graciously bestowed upon a beautiful face and figure are so soft and supple? Without special treatment, the hands will soon become as unattractive as the face and figure. The hands are the most important part of the body, and they should be given the same care as the face and figure.

Care of the hands should be the first and last item of the toilet. The hands are the first to be noticed, and they are the last to be noticed. The hands are the most important part of the body, and they should be given the same care as the face and figure.

The white of an eye mixed with a trace of yellow is an omen of disease. It is a sign of a weak eye, and it should be given the same care as the face and figure.

The eyes are the windows of the soul, and they should be given the same care as the face and figure. The eyes are the most important part of the body, and they should be given the same care as the face and figure.

The hair is the crown of glory, and it should be given the same care as the face and figure. The hair is the most important part of the body, and it should be given the same care as the face and figure.

The skin is the covering of the body, and it should be given the same care as the face and figure. The skin is the most important part of the body, and it should be given the same care as the face and figure.

The feet are the foundation of the body, and they should be given the same care as the face and figure. The feet are the most important part of the body, and they should be given the same care as the face and figure.

The body is the temple of the soul, and it should be given the same care as the face and figure. The body is the most important part of the body, and it should be given the same care as the face and figure.
