A Word About Men's Fall Shirts

You will appreciate how much of a man's store this is when you enter the Men's Furnishings section in Sibley.

This week we are featuring the new fall styles in men's shirts, and such an array of attractive patterns and by far the greater part of them are exclusive styles with us—we have never before presented.

They are smart, crisp, fall ideas, shirts made in the most approved style, tailored and laundered to perfection. Colorings too are of the best and are all absolutely fast even in the delicate blue and lavender shades something that cannot truthfully be said of a good many shirts.

Materials are printed and woven madras and high grade percales, American made and imported. There are negligee and plaited front styles, coat shirts, of course.

Five price lots divide the assortment most advantageously—\$1, \$1.15, \$1.50, \$2 and \$2.50.

In addition to this splendid line we call attention to some exceptionally choice offerings in silk and satinette shirts with the soft French cuffs. Some men prefer this style of shirt the year around. Here they will find an unusually strong and attractive line at prices ranging from \$1 to \$5.
