Stand Up!

While it is not at all necessary to go about with chip on shoulder...

Very often it is plain that the non-Catholic is sincerely ignorant...

On the other hand, when it is plain that a bigot is seeking, intentionally, to spread misinformation...

Very often, the ignorant or cowardly Catholic does more real harm to our cause than the avowed bigot.

Not Ashamed

In this concise and pleasant vein does the Catholic Standard and Times pay tribute to a high official of our sister country...

Man in his lifetime plays many parts, but it is rarely that a mature, dignified gentleman wearing the ermine of the Judge's office is called upon to play the part of an altar boy...

Shocking

If Dean Worcester's report that slavery, to all intents and purposes, exists in the shape of the "peonage" denounced and fought in certain Southern States...

Nothing is more revolting to the true American, in whose veins red blood courses; than to contemplate human beings held in bondage and treated as virtual chattels...

need only point to the horror that is excited over the stories of "white slavery" now alleged to exist in some of our big American cities...

Let us hope that the Dean exaggerates. If he does not, then one of the first aims of the new governor-general of the Islands...

It Is Not So

Nowadays, when visual evidence is at hand that Catholic Churches are open every day and evening, when all day Sunday the stranger, be he Catholic or non-Catholic is privileged to enter and listen to the service and the sermon...

To be sure, it is difficult for the bigot, as well as the honest and truth-seeking non-Catholic, to understand the mystery of the Divine Presence in the Church or in the Eucharist...

In any event, if they wished knowledge or explanation, any priest would be only too happy to accept the opportunity to enlighten a soul seeking light...

Here is an undoubtedly unbiased opinion on the New York state situation from the Boston "Republic":

"Governor Sulzer, who has just been impeached, was bound to take a fall, so heedlessly did he attack everybody and everything in New York State. He had a weakness that Governor Foss also possesses, in his belief that he is destined by fate to be the President of the United States...

A Rochester daily, early in the week, published under glaring headlines a report that a nun had left the convent, as she is at liberty to do, and that it had been necessary for outsiders to smuggle in civilian clothing and help her to escape!

Catholic schools are equal to any others in point of secular education and then they add the religious teaching as well.

Now is a good time to subscribe to a Catholic paper and let the children have it as an adjunct to their school instruction.

A mob has many heads but no brains.

A man is an indulgent censor to himself.
