The Advice of a Competent Optometrist

should be your first thought when sight defects warn you that your eyes are failing to do their work properly.

Seek the services of one who will pay the strictest attention, not only to the examination of your eyes, but to the grinding of the lenses and adjustment of the frames, so necessary in the handling of such delicate work. We have had years of experience.

Save on a Raincoat Now.

Here is a puncture on the high coat of living—150 men's raincoats—better than we could have sold a couple of years ago at \$12—are offered for \$8.50.

There are two styles of these coats. One is a worsted surfaced coat in oxford and heather mixtures in a semi-Balmacaan model with convertible or cape collar.

The other is a tan back to back cashmere, a regular Mackintosh effect.

These coats are made as well as coats can be made, absolutely water-proof, and there is any amount of service in them.

This of course is not a regular offer good for any time. As we said, there are only 150 of them.

Making the Tailored Suit Inexpensive for You.

A very large proportion of all the women's tailored suits that we have in colors are reduced in price and very liberally so.

To attempt to go into details of these suits would be to endeavor to give descriptions of scores and scores of models. It is not necessary. You will accept our word for conditions.

There are four price groups
\$13.50, \$15.50, \$17.50, 19.50

When we say that there is as much as \$12 to be saved on a single suit at these figures we believe you will feel that it is worth while to make thorough investigation.

The Closing of the Summer Bell Telephone Directory

The next issue of this most useful book will close this year on May 20th.

In previous years it has been customary to close the Summer issue on May 10th.

May is a big business month. It has always seemed that everyone wants telephone service just about this time. To meet this rush of business we have made this arrangement to offer you 10 days more to get your name in the Summer Bell Book.

If there's ever a season, Mrs. Housewife, when you need Bell Service, it's the Summer time.

The steps it will save, the convenience of of this most useful servant during the hot weather, will repay the mail cost many times over.

Just tell the man of your family to sign that contract to-day. Then your name will appear in the new book.

Remember the date, May 20th, The 21st will be too late.
