According to the reports of the White Fathers who are evangelizing that country, Uganda may now be reckoned as a Christian country. Paganism has been positively overcome, and is no longer acknowledged even by those who are still unconverted. The English Governor, a Freemason, is quoted as saying: "We have a Christian nation to deal with here."

According to a Paris chef, men are all degenerates, excepting the cooks. Probably the cooks remain normal by avoiding their own cooking.

The discovery by a French savant that men and women were equal in the days of old Egypt only serves to show how men have degenerated.

Fine old snuffboxes are selling well in London. The practice may have been acquired again through the present habit of sniffling trouble.

'T would be fine if people could save money as easily as they can accumulate a lot of stuff they can't use.

**Here Are Our July Shirt Values For Men.**

Knowing ones among our men friends have learned to look forward to January and July as shirt-supply times.

There is to be no disappointment this July. On Men's Furnishing counters there are now on sale several thousand Men's Shirts, regular \$1.50 and \$2 numbers, for 97c each.

We wish there were double this number of shirts in the lot, but we cannot make the quantities according to our liking when it comes to offering merchandise at such concessions in price.

Fully 90 per cent. of these shirts come to us from a single factory—a manufacturer who is making goods for our regular stock throughout the year. We know his product thoroughly, as do the patrons of our Men's Furnishing department. We can speak of them in the highest terms in every way—as to materials, patterns, fullness, making.

We have never had better values to offer at a Shirt Sale. With the stiff cuffs, there are shirts of high-grade percale—that is 100 count cloth—and woven madras. Some have plaited bosoms.

In the soft cuff shirts there are crystal cloths, satin striped madras, and printed and woven madras.

As we said at the outset, we wish we had twice the number of shirts to offer. This suggests of course that if you want to have best selection you must be here promptly.
