

DEADLY SUBMARINES.

Menace of the Machine That Sees the Enemy in the Dark. Submarines have many elements which make them a dangerous menace...

NERVE IN GOLF.

Vardon's Shot That Won a Match That Was Considered Lost. In the American Magazine Jerome D. Travers writes on Vardon, whom he calls the greatest golfer...

Philippines and Chickens.

The fact that no Filipino of the common class regards himself equipped for living without at least one male chicken explains why the islands, although raising so many chickens, still import millions of dozens of eggs...

A Gilbert Story.

Sir W. S. Gilbert, who was one of the few playwrights who defended the stage censor, was noted for his caustic criticisms on anything which did not meet with his approval.

The Poppy.

The poppy throughout the east is an emblem of death. In many parts of India this flower is planted upon graves and in cemeteries.

Dressing Different.

"These dressing room rows among actresses are different from other quarrels." "In what way?"

Broken Glass.

There is a market for broken glass. Some of it is ground in the powder-like particles and used for various purposes.

No man is more cheated than the selfish man.

Primitive Aids to Sight.

Simple yet effective aids to sight were used long before any form of lens had been devised. Spectacles first became known about the beginning of the fourteenth century...

Pen Picture of Dierckx.

To Lord Charles Beresford Dierckx appeared to be a rather mysterious personage. Speaking of that much discussed statesman in his memoirs, he says: "We stayed at Sandringham and went for long walks together...

Konkumbwa Warriors.

The most interesting tribe of Togoland, in West Africa, is the Konkombwa, whose country lies between that of the Tchokossi and the Tchadjo...

Japan's Good Roads.

Japan is peculiarly well off in respect of good highways. The Tokaido, which runs from Kioto to Tokyo, is over 300 miles in length...

Saltier Lake in the World.

This is Lake Urumia, in Persia, situated more than 4000 feet above the level of the sea. It contains 22 per cent of salt as against 8.5 per cent in the Dead sea.

Deafness and Rumbling.

Specialists have discovered that any one who is partially deaf can hear best when riding in a train. The rumbling of the heavy wheels on the track causes the drum of the ear to vibrate...

Corrected.

Mother—Percy, I told you you could not go playing in the vacant lot, and I now observe that you have. Percy—My dear mother, you used the wrong verb. You should have told me that I "must" not go there, not that I "could" not.

The Raven.

The ancients credited the raven with unusual longevity, but modern investigation shows that it is not warranted. The bird rarely lives more than seventy years.

Our Natural Bridges.

There are ten bridges formed by nature in the United States. Their formation is caused by the current of streams running through rocks.

She Knows.

Sunday School Teacher—Can you tell me who dwelt in the Garden of Eden? Little May—Yes, ma'am; the Adamites.—Exchange.

BURSTING SHELLS.

They shatter the plates of armor. It has been proved that the comparatively harmless bombardment of iron shells is so effective in destroying armor plates that it is in the hands of the modern navy...

Dancing Under Difficulties.

Probably the most extraordinary dance ever known was one given at the British legation during the siege of Peking. Death was trading on the very heels of the dancers...

HORSESHOE CURRENCY.

Curious Shaped Money in Use on the West Coast of Africa. Among the strangest coins in the world are those used in certain parts of the way towns and villages in southwest Nigeria, on the west coast of Africa...

Young's Improviser.

The most personable Edward Young is the author of "Night Thoughts" and nothing more, but he was also a man of the world and a shrewd and caustic wit...

Linguistic Barriers.

It is generally accepted that the adoption of a universal language, purely spoken, is handicapped by the fact that it is confronted with physical impossibilities. In the first place, the vocal organs are so entirely dissimilar in different races that a language will change too much for the various people using it to understand each other.

Peanuts as They Grow.

The peanut plant somewhat resembles clover in its foliage and has small, yellow single flowers. After blossoming the little pods bend down and thrust themselves into the soil, when they grow into the well known thick shelled fruits.

Mild Strepococci.

"I say, young fellow," said the merry man to the taxi chauffeur, who was speeding. "Well," snapped the chauffeur. "What is it about me that gave you the impression that I am in a hurry?"

Hidden Meanings.

He kissed her. "Why, stop!" she cried. "And when he failed to repeat she said, 'Why stop?'"—Philadelphia Ledger.

Happiness.

Half the world is on the wrong scent in the pursuit of happiness. They think it consists in having and getting and in being served by others. It consists in giving and in serving others.

THE CHERRY.

Exhibiting a Cherry Lander's Cherry orchard, and his cherry crop, is to be in the hands of the cherry grower, not because he has the cherry trees, but because he has the cherry orchard at the site of a cherry orchard...

Several Species of Fish Are Found For Their Leaping Fevers.

Jumping as a means of locomotion is shared by a variety of animals of widely different classes. Kingfishers and juncos among the mammals, terns and robins among the birds, as well as such familiar forms as frogs, snakes, lizards and toads...

Origin of a Mark Twain Story.

Of all the witty things said or written by Mark Twain no phrase has been quoted oftener than his reply to an alarmist report: "Honor of my death greatly exaggerated." The history of this now celebrated bonnet will doubtless be of interest.

Golden Invitations.

A successful Moscow merchant named Spidilnow, who had made a great fortune, thought of a novel way of inviting the guests to his golden wedding. The invitations were engraved on golden cards.

Hudson River Scenery.

Anthony's Nose, at the northwest corner of Westchester county, N. Y., reaches an altitude of 1,223 feet above the Hudson river. The scenery from this point, just at the entrance to the famous Highlands, has been described as the most beautiful on the globe.

It Helps a Lot.

Eve for the first time in her married life was telling Adam just what she thought of him. "This is the original rib roast," chuckled Adam. "And that was the beginning of the saving grace of humor."—Judge.

Walking a Crack.

The man who tries to walk a crack always falls, for who that was in a condition to walk a crack would ever think of doing a fool thing like walking a crack?—Don Marquis.
