

The Duke of the Abruzzi is no stran mer to America. He has been in this country on numerous occasions, and it is said that at one time he was a suitor for the hand of former Miss Katherine Elkins, daughter of former Senator Elkins of West Virginia, now the wife of William R. Hitt, son of the late congressman from Illinois.

The duke is a cousin of the present king of Italy and is himself the son of a king. His father was elected to the which cream of tartar has been added throne of Spain in 1870 and ruled three throne of Spain in 1870 and ruled three years, when he resigned his scepter. With soap and then put in the sun they wire are compelled to make frequent with soap and then put in the sun they use of a gauge in order to determine will soon bleach out. If clothes are accurately the size of the strand of the throne of Spain. He was air on a line and the wrinkles will soon little difference between these that brought up in the Italian navy under disappear. the supervision of his uncle, the Duke of Genoa. Since then the Duke of the drive red anta away from the pantry. Abrussi has visited every corner of the world, both as an explorer and an of-dish of water will drive flee from a ficer of the Italian navy. He has won fame both as an arctic explorer and as a climber of high mountains. Until Admiral Peary made his memorable dash Abruxsi held the record for the farthest north, having beaten Dr. Nansen. He has ascended some of the highest peaks in the Himalayss.
