Sacred Heart.

Attractions in great variety are to be found at the fifth annual festival of the Sacred Heart Church, which is being held this week on the church grounds in Flower City park. There is a country store where almost every conceivable article may be purchased. An Oriental flavor is added to the affair by a Japanese booth where things such as the Japs are supposed to make are on display.

Each evening an entertainment is given by local talent.

Holy Family.

Last Sunday Rev. D. Laurensis celebrated his 40th anniversary to the priesthood.

On Monday morning at 8 o'clock the funeral of Barbara Add took place and at 4 o'clock the funeral of Joseph Balam.

On Tuesday morning at 8 o'clock the funeral of Mrs. Mary Graberstatter, widow of the late Frank Graberstatter was held.

The Rosary Society held a meeting last Sunday night.

IN MEMORIAM.

At the last regular meeting of Council 23, C. R. & B. A., the following resolutions were adopted:

Whereas, It has pleased Almighty God in His Infinite wisdom to remove from our midst our respected brother, James McDonough, be it,

Resolved—That we, as members of Council 23, extend to the bereaved family of our deceased brother, our sincere sympathy in this their hour of sorrow and sad bereavement and we commend them for consolation to Him who doeth all things well. Be it, further,

Resolved—That our charter be draped for a period of thirty days and that a copy of these resolutions be spread upon the minutes and published in the Catholic Journal.

The Blessed Virgin Grants A Happy**Death To A Pious Chinaman.**

Wonderful spiritual manifestations often reward the missionaries for their heroic efforts they make to secure souls for the kingdom of God.

Imagine making a three days' journey to a dying man! This was the duty of Fr. J. M. Maignaud, C. M., of North Klang Si, but the experience was no ordinary one.

"Since the scarcity of priests," writes Fr. Maignaud, "I have been taking charge of a Christian settlement which is a good three days' journey from my house. Recently a call came for me to give Extreme Unction to a Christian at the point of death. I set out, traveled on foot as fast as I could, and finally reached the house, covered with mud and almost exhausted, to learn that I had not a moment to spare.

"I administered the Last Sacraments, and had barely done so when the poor man expired with every evidence of profound faith. His children then told me that he had hovered between life and death for six days awaiting my arrival. Before losing the power of speech he had said that the Blessed Virgin had appeared to him in an apparition and had promised him the grace of receiving absolution before his death. Fortified by this assurance, he had waited with confidence for my arrival, and in fact I had come before it was too late.

"The revelation of this extraordinary fact made me forget the fatigue of my journey, and I set out on my homeward way praising the goodness of God and His Blessed Mother, who had made me the agent of their mercy.

A Cruel Comment.

"You know there is an air I heard lately I inhaled through my brain this morning."

"That is an air. What you hear in your brains are their wheels humming."—Baltimore American

The Midgley Tire

PATENTED WIRE TREAD

Non-Skid for 6,000 Miles

STEEL COILS
TREAD
BREAKER
STRIPS
CUSHION
STOCK
CARCASS
FABRIC
HARD RUBBER
BEADING
WIRE CABLE

The principle of this tire is made clear by the picture above. Four coils of steel wire, deeply vulcanized into the rubber, encircle each tire. After a little use, the outer edges of these coils wear off, presenting thousands of steel points which, under the load, project and "grip" the road like a thousand claws.

The Midgley gives you something more than non-skid protection. The closely intermeshed wires contribute great strength to the whole tire. They reduce puncture, eliminate stonebruise, and protect side-walls against blow-out.

6,000 MILES ADJUSTMENT

Every item that enters into the Midgley Tire construction is of the very best. The whole story of Midgley quality is most convincingly told by the simple fact that these tires are guaranteed upon a 6,000-mile adjustment basis and that more than ample capital backs the guarantee.
