The Elevator Boy By M. QUAD Copyright, 1914, by the McClary Newspaper Syndicate.

Many a young doctor or lawyer, just starting his career, has watched an elevator boy at work and said to himself: "Ah, what a professional! No deep-plumbeled care—no burdens on the young back. Why didn't I adopt it?"

And yet the young gentleman who elevates the elevator has hidden sorrows that the public does not know. These sorrows begin with the engineer.

In a certain building not long ago I asked up the engineer the very first day as a man who would make me trouble if he could. I learned that two of the window cleaners thought him a slight man and both were a little good to him. Also that his wife brought him lunch in regularly every noon.

The next day at the proper time I went up to the eighth floor and found the Widow McCarthy wiping up the hall, and I said to her: "Have you got your lunch with you, Mrs. McCarthy?"

"Indeed, and I have," she replied. "And why don't you go down to the basement and eat it in company with Engineer Flynn? I know he would be glad to see you."

"That's true, me boy, and I'll get me basket and go down, especially as that cold-faced, green-widder who calls herself Mrs. O'Shane, though she's not right in the law, seems to be high finished her floor and gone home."

I took her down and then went to the fifth floor and found Mrs. O'Shane and said to her: "Why don't you take your lunch basket and go down and keep Mr. Flynn company?"

"Is it company he signs for, me laddy? If so I'll go down and eat him up with my presence," she replied. "And you'll find a place to wait some cold tea if you want to."

"Thank ye, but that's not the kind of tea I want," she said. "I want a cup of tea. How did you do, Mrs. McCarthy?"

"Oh, I took her down some time ago," she said. "She calls herself the Widow McCarthy, Sammie, leavin' the 'W' out in her signature. It's a pity, but she's a widow, me boy? It's every engineer's duty to see that her husband's death notice is printed."

"I never saw it, me am." "I dropped Mrs. O'Shane at the basement just as Mr. Flynn's wife came with his lunch. There wasn't much said. The three women picked up each other almost on sight. You know, me boy, that Mrs. O'Shane was putting back and looking at the widow and saying the best of words took a walk. Went on up to the sixth floor. McCarthy got her lunch and said: "Seems as if I did. You thought Mr. Flynn would be a bit lonely, I believe. He didn't like to eat his lunch alone."

"Bad case to his loneliness and his whole body! Sammie, me son, the man is a deceiver and ought to be dropped from the roof. He let on to me that he was a single man and dyin' for me to love him. What d'ye think, Sammie? On the day I'm thinkin' of I had scarcely got out of the elevator and says 'good-day' to him when she that calls herself Mrs. O'Shane comes after me, and right on her heels comes a woman wid a lugh basket—the engineer's own true and legal wife. Wasn't that a pretty mess, me son?"

"Did anything happen?" "I'm not clear about it, Sammie, but I think somethin' did. I have a dim recollection of bein' banged on the chin, receivin' this blackness under me eye and me bein' flyin' away wid me and me bein' banged against the partitions, but I shall never be able to make it out to my satisfaction. An I'm sure of it that me head has been achin' ever since that hour, and every time I draw a breath I feel like hittin' that engineer over the head with me duct." "And we'll put up a job on him and see him bounced?" "By and by, perhaps, but not now. We'll move slowly in this matter, Sammie, and meanwhile I'm lookin' for you to defend yer adopted mother's reputation should any gossip arise. Ye might say that ye took me down, that day. By the way, how's the mortgage on the home, Sammie?" "It's staggerin' under it yet, thank ye."

"It's too bad, but keep up yer courage. Here's a banning to may ye stomach fill lunch time, and it's the best ye'll get by a fragal. Quiet is the word, Sammie—stay and quiet and no gossip—and ye'll bless the day that Mrs. McCarthy adopted ye for her very own."

Mr. Flynn may think he's up to a dodge or two, but so is SAMMIE. The Elevator Boy
