MEN'S TOP COATS \$12.50

No, we are not clothiers, but we do supply mens' top coats—for the last two seasons have been doing so with great satisfaction to the men we have fitted here.

This is top coat weather. You cannot do better than examine the assortment we are showing here of these popular fall coats. Some have self collars, others have collars of velvet. They are all-wool coats, made from high quality imported and domestic fabrics in handsome oxford, brown, gray and heather mixtures.

There is more handwork on these coats than we have ever been able to show in a coat at this price. Sleeves and yoke are lined with Skinner satin and they are in weights suitable for fall and winter wear.

We bought these coats last March when the market was much lower than now. We could not duplicate them to-day to sell at anything like the price we are offering them—\$12.50.
