

Holy Rosary.

A meeting of the Young Ladies' Sodality was held Wednesday evening. The retreat, to be given by a Redemptorist Father, in preparation for the feast of the Holy Rosary will take place from Wednesday evening, Sept. 29th to October 3rd, closing at the evening services Sunday night. Confessions will be heard every day. The masses will be at 5:30 and at 8 o'clock with a short instruction after each mass. During the month of October, the Rosary will be recited every morning during mass and Benediction of the Blessed Sacrament will be given after mass.

SCOTLAND LIGHTSHIP.

Origin of the Name of the Famous Beacon Off Sandy Hook. Scotland lightship is so called because it marks the site of the wreck of the ship Scotland. According to an entry in the records of the United States coast guard at Washington, she was a British steamship of Liverpool, bound from Liverpool to New York with a cargo of merchandise, she stranded near Sandy Hook on Dec. 2, 1888, and was a total loss. The acting commissioner of the Bureau of Light Houses supplies this excerpt from the records of the Bureau: "Under authority of the joint resolution of Congress approved March 2, 1888, a light vessel was moored on April 17, 1888, to mark temporarily the obstruction to navigation caused by the wreck of the steamship Scotland. The work of removing this wreck was completed in 1890, and the light-house board decided that it had no authority for retaining the light vessel at that point, any longer without further congressional authority. This authority was given by an act of Congress approved June 24, 1891, and light vessel No. 24 was accordingly placed in service on Sept. 19, 1891, being named 'Light-vessel No. 24 on the 4th day of September, 1891, when light vessel No. 24 took her place. Light vessel No. 24 was replaced on Dec. 2, 1895, by light vessel No. 41, which is still the regular station ship at this location."

Holy Family.

Sunday evening the monthly meeting of the 3rd order of St. Francis took place. Francis took place. A few more were due on the 1st Sunday of September.

Joseph Beyer of 34 Lorenzo St. and Theresa Liedel, 38 Lorenzo St., were united in marriage also William Kramer 128 Cameron St. and Elizabeth Schramel, of 37 Burrows St., this week.

Blessing of the Graves.

The annual ceremony of the blessing of the graves in Holy Sepulcher Cemetery will be conducted by Bishop Hickey Sunday afternoon. The bishop will be assisted by the priests of the city and the students of St. Bernard's and St. Andrew's Seminaries. If the weather is fair it is expected that at least twenty thousand Catholics who have friends or relatives buried in the cemetery will be present.

Governor Whitman does not underestimate the value of the political acquaintance gleaned by visiting country fairs and industrial expositions.

See the GOLD MEDAL PUMP suspended from a chain working at Exchange Street Bridge over the Canal. IT'S A WONDER.

Luitwieler Pumping System endorsed by an International Jury of Engineers at San Francisco, California.

Two Gold Medals were awarded at the Panama Pacific Exposition at San Francisco and two Gold Medals were awarded at the Panama California Exposition at San Diego. These acclaim to the WORLD the great results attained by a Rochester inventor.

Luitwieler Pumps have replaced many other pumps on a guaranteed saving of from 20 per cent to 80 per cent according to the type of pump used. If all the pumps in use were of the Luitwieler model, 55 per cent of the coal or power used for pumping could be saved.

In Bishop Hanna's Diocese in California the following Luitwieler Pumps are used by Catholic institutions:

Table listing pump locations and counts: The Holy Cross Cemetery, San Francisco (7 Pumps); St. Mary's Hospital, San Francisco (2 Pumps); Knights of Columbus Hall, San Francisco (1 Pump); St. Patrick's Cemetery, Menlo Park (1 Pump); Holy Sepulchre Cemetery, Hayward (1 Pump).

Our prospectus will tell you of hundreds of other public institutions, railroads, manufacturing companies who use Luitwieler Pumps. Our prospectus will be sent to you on application.

The Luitwieler System is being extended by new capital; 2,000 shares of stock are now offered to investors at par. This stock will become one of the greatest dividend payers in the United States.

Nothing can exist without water and the apparatus that lifts it at lower cost must come into general use.

Two patents were awarded us on Motor Fire Engines this month.

With the new capital we shall build the only Motor Fire Engine that will become standard.

The stockholders will receive stock dividends that will increase their holdings many times and make them all rich. Net profits of 46 per cent have been made. Do not neglect your golden opportunity. Investigate. Office and Factory, 123 Ames Street. Information Bureau, 33 Exchange Street.
