

Every Woman Should Know

There are three entirely different kinds of baking powder, namely:

- (1) Cream of tartar, derived from grapes;
(2) Alum, a mineral acid; and
(3) Phosphate of Lime.
(1) Baking Powders made of Cream of Tartar add to the food the same healthful qualities that exist in the ripe grapes from which Cream of Tartar is derived.
(2) Baking Powders made of Alum add to the food some form of Alum or Aluminum, a heavy metal, wholly foreign to any natural article of food.
(3) Phosphate of Lime is made from rock or by burning bones which by chemical action are changed into a white, powdered acid. It is used in baking powder only because it is a cheaper substitute.

A Cream of Tartar powder never contains Alum or Phosphate.

Every housekeeper should read the names of the ingredients printed on the label and know what she is using.

DOMESTIC.

St. Mary's Seminary, Baltimore, is 124 years old.

"The school produces learned men, but the grace of God makes apostles." Cardinal Massaia.

Rev. Thomas Gavan Duffy, a member of the Paris Foreign Mission Society and recently an apostle in Pondicherry, India, has joined the teaching staff of the mission seminary at Maryknoll, Ossining. He is a son of the late Sir Charles Gavan Duffy, the Irish patriot who became Premier of Australia. Father Duffy has been in India for the past four years.

The Right Rev. Maurice P. Foley, Bishop of the diocese of Luguegaray in the Philippine Islands, is now on a visit to New York in the interests of his diocese. He will be here for a few months and will also visit his native city, Boston.

Poverty due to the war, floods and typhoons are some of the trials with which Bishop Faveau, C. M., of Hang Chow has to contend. But with the courage that marks all missionaries, he says: "We must now rely more than ever upon Providence."

"The ancient crusaders gave their lives to redeem from the infidels the Holy Sepulcher of Our Lord. Surely a worthy cause. But by the modern crusade of sacrifice and prayer on the part of our favored Catholics we would gain for Him instead, millions of living tabernacles where God shall dwell within the souls He loves so much."

The son of Menelik II, heir to the throne of Ethiopia, has sent Fr. Basil de Combrand, a Capuchin missionary, to Rome. The purpose of the visit is to present the young prince's respects to His Holiness and to ask for the pontifical blessing.

A million and a half cigars are made daily in Jaifna, Ceylon, and its neighborhood. They are all manufactured by hand and are the work of children and young people. A skillful little worker can turn out seven hundred and fifty cigars a day. For this labor he is paid eight annas, or about fifteen cents. Many of the youthful cigar makers are Catholics, but the majority are pagans."

Do we realize that ten thousand infants are yearly exposed to a cruel death in the capital city of China alone? Similar abominations exist elsewhere in pagan countries. It is stated that in many of the South Sea Islands seventy per cent or all the children born are put to death. Yet present, and it is understood of the abandoned children of heathen nations countless thousands can receive the estimable blessing of Holy Baptism, if so we desire.

Mrs. William Lanahan, of Baltimore, is erecting a memorial church at a cost of \$150,000.

A Polish preparatory college and gymnasium has been opened in Dom Polski hall, Detroit. The gymnasium is modeled after those in European countries. Rev. Anton Janczak will be rector.

The new \$150,000 school and convent at Glen Cove, L. I., for St. Patrick's parish, were dedicated by Rt. Rev. Charles E. McDonald, D. D., Bishop of Brooklyn.

The diamond (75th) jubilee of St. Joseph's parish, Fort Madison, Ia., one of the oldest German parishes along the Mississippi River, was celebrated by a three day program beginning Saturday, Sept. 25th.

The 1500 Polish people living in Amherst and Hadley, Mass., are soon to have a church of their own. A site has been bought.

In the United States, the church is blooming and prospering, notably so on the Pacific Coast.

Six new parish schools have been opened in the Greater New York.

Three new parish schools, with a capacity of 2000 pupils, have been added to the schools of Dayton, O.

A new building costing between \$50,000 and \$75,000 will be erected as a part of St. Norbert's College at De Pere, Wis., this winter.

The Academy of the Assumption at Utica, N. Y., has been opened as a free high school for boys, by Rt. Rev. John Grimes, D. D., the Bishop of the diocese.

In the United States the first school was Catholic that of St. Augustine.

Baker Theater.

The Baker Theater Hippodrome of Varieties will have its grand opening on Monday evening, October 25th, under the management of Elmer J. Walters. It is said the playhouse now is among the prettiest in Western New York. The policy is to be vaudeville of which there will be nine acts and a ten piece orchestra. The performances will be given each day, afternoon and evening. For the opening night, the Rochester Ad Club will be on hand in seventy per cent or all the children born are put to death. Yet present, and it is understood of the abandoned children of heathen nations countless thousands can receive the estimable blessing of Holy Baptism, if so we desire.

The Baker Theater in every way will have an atmosphere of the first class, and it is predicted that the playhouse in its present dress will prove successful.
