Men's Flannel Shirts

Men who have to be out of doors a good part of the time will find these warm flannel shirts very economical and comfortable winter garments.

They are in navy blue and light and oxford grays. All have the lay-down collar and in grays there is the military collar as well. Sizes are generous, tailoring is excellent.

A good flannel shirt for as little as \$1 is not the easiest thing in the world to be found these days. These are not specially priced, but for the money they are wonderfully good garments. \$1.
