SNAPSHOTS OF NOTABLE PERSONS

General Sir Percy Lake, Commander in Mesopotamia.

Lieutenant General Sir Percy Henry Noel Lake, who recently took supreme command of the British forces operating in Mesopotamia, succeeded General Sir John Nixon, who has been invalided home.

SCIENCE—INVENTION.

Ancient Level of Lake Tahoe.

The statement sometimes made that 'Tahoe is an old volcanic crater' is not true. The region about the lake shows evidences of volcanic activity of various kinds, and the lake waters themselves have probably been dammed at times by outpourings of lava.

PORTO RICO ASKS FOR CITIZENSHIP

Islanders Are Hopeful of Securing Home Rule.

Whether Porto Ricans are to be successful this year in getting the United States congress to admit them to American citizenship is the question uppermost in the minds of the islanders at present.

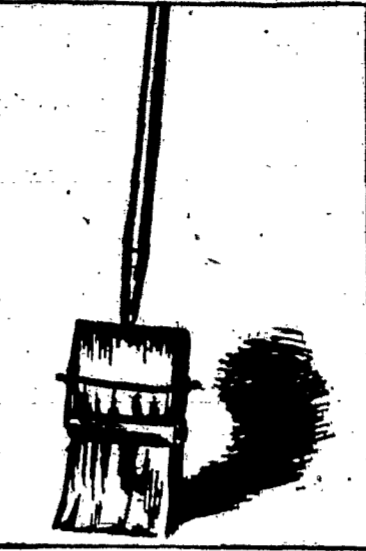

GOVERNOR ARTHUR YAGER.

Porto Rico is now in Washington urging congress to act. Bills providing a new organic act to take the place of the temporary Foraker act, which went into force in 1901, establishing civil government and which has been in force ever since, have already been introduced in congress by Chairman Jones of the house committee on insular affairs and by Senator Willard Saulsbury of Delaware.

HELPFUL HINTS FOR HOUSEWIVES

Reversible Broom With Two Wearing Surfaces.

A new system of broom manufacture contemplates the repeated use of the stock by applying a new head as the older one is worn out. It also contemplates a reversible method of assembling the corn by which service is secured from both ends.

For the Children

A Two-year-old Who Plays Outdoors All Winter Long.

Photo by American Press Association.

This delightful roly poly is the two-year-old newest baby in Mrs. Calvert's outdoor kindergarten at One Hundred and Sixteenth street and Morningside park, New York City.

Nebraska Long Ago.

Could the traveler in Nebraska restore the landscape of late tertiary time he would find himself surrounded by scenes greatly different from those of the present. The swampy lowlands were covered with vegetation similar to that now growing in moist climates farther south.

Re-enforcing Hammer Handles.

The illustration shows a method of bushing handles to prevent them from breaking at the eye of the hammer, says Popular Mechanics.

Test For a File.

In choosing a file hold it between your eye and the light, the point of the file toward you, so that you can see the cutting edge of every tooth.

Iron Ore in Holland.

At one time iron ore was found in considerable quantities in the north-easterly provinces of the Netherlands. In late years apparently less has been found.

Anti-rust Paint.

A good anti-rust paint for structural work is made of red lead, sixty pounds, white, thirty pounds, and graphite, ten pounds, all ground in raw linseed oil.

Pipe Joining Hint.

Do not screw pipe together for either steam, water or gas without putting white or red lead on the threads.

DANCING WITH STORE LEGS.

Austrian Soldier in Hospital—Tangor With Artificial Limbs. It would be generally assumed that when a man has lost his legs his dancing days would be over.

PHOTO BY AMERICAN PRESS ASSOCIATION.

Illustration shows an Austrian soldier who lost both his legs in battle, yet dances with his nurse upon his new and artificial 'pegs'. That the light fantastic toe can still be supplied with a wooden leg is a triumph for the artificial limb maker.

DR. HENRY VAN DYKE.

as that of our representatives stationed in the warring nations, his station at the Hague has been on the fringe of war's alarms, and the war has brought many unusual problems to him for solution.
