The Edge Of Fate

And Two Men and One Woman

By LUCY R. MALVOIN

A man and a woman stood at the door of the office of the factory. The man reached out a detaining hand.

"I intend to see you safely home tonight, whether you are willing or not. It is not safe for you to be alone on the street at night, especially on pay night."

Bob Alexander's firm mouth and chin became even more resolute, and there was an imperiousness about his manner, tinged with scorn. "I have no intention of being rescued."

"You must never do it again," she almost whispered. "Something might happen to you. Oh, it's dangerous. I cannot explain for your own sake, for my sake, do not follow me any more, please."

"The edge of fate," repeated Robert Alexander, "is the line between safety and disaster. It is a thin line, and it is not always visible to the eye."

A MAN AGAINST A NATION.

The Most Curious War That Was Ever Waged in Europe.

The most curious European war ever waged was that which in the sixteenth century, the period of the reformation and the renaissance, was carried on single handed for between five and six years between a bankrupt grocer of Berlin and the elector of Saxony, who was the most powerful German prince of the period.

The grocer's name was Hans Kollhase, and the immediate cause of the quarrel was the arresting of two of his horses in the elector's stables, he being a subject of the elector of Brandenburg.

Not to be Hushed. Bishop Littlejohn of Long Island, who died at the age of ninety, refused up to the day of his death to accept the assistance of a conductor.

Just Wanted to Know. One of the many stories about Lord Kitchener refers to a certain commanding officer who was putting his troops through a series of maneuvers before his chief.

What He Called Her. A village farmer called on a solicitor and said he'd like to register his wife. "I'll leave my name to the wife," he said. "What's her name?" "Mrs. Jones."

Origin of a Famous Saying. The story is told that a certain farmer called on a solicitor and said he'd like to register his wife. "I'll leave my name to the wife," he said.
