Several Types in Each of Three Well-Known Makes of Gas Ranges to Select From

The design features of each of the three makes of gas ranges that we carry are substantially different.
There is no good reason that we know of why one's personal taste in a matter of design should not be catered to in selling gas ranges same as is catered to in the selling of household furniture generally.

Have You Seen Our Line of Gas Ranges?

If not, we would be glad to have you pay us a visit. You will not be urged to buy. We just want you to know. The goods and service will do the rest.
