

**A. O. H. Outing.**

The committee in charge of the A. O. H. picnic and field day which will be held at Johnson's Grove on Labor day, Sept. 4th, in connection with the Friends of Irish Freedom are making final arrangements for a very attractive program. There will be a long list of sports for men and women, young and old. Suitable prizes have been secured by the committee for the different events. There will be a band concert by O'Connell's Own Band to take place at 12 o'clock sharp. A base ball game between Division 2 and 7 which is staged for 12.30 sharp. William J. McGrath will act as umpire.

OWEN P. SMITH.

General Chairman of A. O. H. Picnic

There will be an exhibition of Irish step dancing. Gaelic football game between Rochester and Syracuse; hurling contest between Buffalo and Syracuse. Tug-of-war between the Germans and Irish. Arrangement committee. Owen P. Smith, general chair.

man; Philip Walsh, John Nary, William J. McGrath, Thomas Mulcahy, P. P. Kelly; refreshment committee, James Carron, John Fogarty, Daniel Crowley, Michael Hanley, Michael Cunningham, Michael Sheenan, M. T. Ryan; committee on sports, starter, N. H. Deveroux; postmaster William A. Buckley, John Murphy; Judges, Alderman Martin B. O'Neil, Alderman John McPharlin; Judge for step dancing Alderman Kelly of 13th ward, John Logan; football committee Martin Walsh and John Fogarty. The members of the Ladies' Auxiliary will take care of the ice cream stand. This field day is not confined to the Irish. We extend a cordial invitation to all our German friends. Everybody welcome and a good time for all. The street car company will have extra cars on the Emerson St. line on that day. Remember Johnson's Grove is two blocks west of the Moerbach Brewery.

JOHN J. MURPHY.

**PRACTICAL HEALTH HINT.**

**Dangers of Bad Teeth**  
 A bad tooth should never be tolerated, and the danger of cancer is only one more good reason for having it attended to. Cancer of the tongue may occur at any age but it is most common between forty and sixty. As one-third of all cases investigated have been shown to be definitely associated with jagged or decayed teeth or imperfect plates, it would seem that here is one method of preventing cancer.  
 It is probable that other conditions occurring in combination with bad teeth increase the likelihood of cancer of the tongue. This form of irritation is so simple a matter that deaths in cases of this kind must be charged to pure negligence. If the removal or treatment of the tooth does not relieve the situation and the ulcer continues prompt operation is necessary for this form of cancer is quickly fatal.

A meeting of the Friends of Irish Freedom will be held Sunday afternoon at 3 p. m. at A. O. H. Hall, 198 Main St. W., for final arrangements for their picnic which will be held Monday at Johnson's Grove. All members are expected to be in attendance.

**You Need a Washing Machine**

The Western Electric Conlon Washing and Wringing Machine does away with the washboard, the wringing tub and the blueing tub.

It does the work in half the time with half the wear of clothing and with practically no physical exertion.

Isn't all this worth many times the TWO CENTS PER HOUR which it costs to operate this machine?

**An Emperor's Compliment.**  
 Napoleon III had his full share of the Bonaparte war, though with a kindliness all his own. At a ball at the Tuilleries a middle-aged officer and his fair partner came to grief. As the mortified veteran scrambled to his feet the emperor extended a hand to him and, turning to the lady, remarked: "Madame, this is the second time I have seen the colonel off. The first time was on the battlement of Mentana."

**Mark Twain's Definition.**  
 It is told of Mark Twain that during a conversation with a young lady of his acquaintance he had occasion to mention the word "drydock."  
 "What is a drydock, Mr. Clemens?" she asked.  
 "A thirsty physician," replied the humorist.

**Scorch Marks**  
 Sometimes scorch marks may be removed by merely leaving the dry garment in the sunshine until the rays fade it white again. If the stain remains it may be dipped in soapsuds of some strength and passed in the sun again until the spot is gone.
