Friday, Sept. 15, 1916. "Never Beautiful"

With crushing logic a writer in "America" demolishes the protest of the author of an immoral book which has been excluded from the New York Public Library...

Mexican Commission.

Here is the scathing way in which a Catholic exchange describes the Commission which is to try and settle the Mexican problem.

one of them a militant evangelist. Three radicals, two mild-mannered Protestants and an evangelist are to sit in judgment upon affairs that intimately concern the Catholic Church...

This is perhaps the most remarkable phase of the Mexican problem, more striking in many ways than the armistice of 1913...

Carranza.

Judging from the press despatches, the Catholic denunciation of Carranza, President of Mexico, is justified abundantly. The despatches say that Carranza is to repeat the performances of the French atheists and confiscate to the Government all Church property...

Credit Where Due.

Dr. James J. Walsh has rendered both the Catholic Church and Science valuable service by his article in the "Catholic World"...

Rochester and Buffalo newspapermen fraternize generally for one day in the year, at all events.

The Horse was King this past week, so far as Rochester was concerned.

Query of the small boy: Why is it that ideal swimming weather always marks the opening week of the fall school term?

MRS. ANNA M. C. WILKIN. Was Prominent in Church and Charitable Work for Many Years.

Mrs. Anna M. C. Wilkin, widow of the late Charles H. Wilkin, died Sunday after an illness of several months. She was a daughter of the late James Cunningham, founder of the carriage and automobile business...

These pre-primary campaigns are great things for the spellbinders and the chaps who have rigs and autos for hire. But have they improved the quality of public officials even if they have enhanced the quantity of candidates?

"Mr. Smith" is a candidate for Lieutenant-Governor of Illinois. Should pull a large vote.

Charles Bausan, in the "Catholic World" writes as follows on the clergy of France and the War: "The number of priests mobilized has reached 29,000. Of this number 12,980 are doing hospital service. A little less than 12,000 are at the front. It is necessary to add that not all of these 12,900 priests are combatants."

St. Mary's Hospital Report. The report of the St. Mary's Hospital for August, as printed in the Hospital News, follows: Least number of patients, 113; highest number, 156; daily average, 139. The ambulances responded to 199 calls of which 62 were hurry calls.

A Catholic paper is a real necessity in every Catholic family. Are your children attending a Catholic school or college?

This is no year for Catholics to be drawn into the maelstrom of party politics.

Let us hope that when the European war is over, the United States will set an example to the rest of the world in that it has destroyed every vestige of racial prejudice and religious bitterness.

From now on, let us concentrate our attention upon the exaltation of the American ideal.

Catholic parents should see to it that their children are in attendance upon Catholic schools.

Nazareth Academy pupils are to be congratulated upon their new educational home. No better equipped school building is to be found in all Rochester.

It is suggested that it would be well if each boy and girl were required to raise their right hand and take the obligation of allegiance before they are admitted to full citizenship in the United States.

It is well that each American should remember that until our March 4, 1917, at least, Woodrow Wilson is President of the United States.

Rochesterians will be pleased to welcome home the Third Infantry.

If it be proper for the Guardians of Liberty to wear the American flag in their coat lapels, why censure Catholic's for proclaiming their respect and veneration for the flag?
