

There is a Real Difference

Cream of tartar, derived from grapes, is used in Royal Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Royal Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

SODALITY DEMONSTRATION

Thirteen Hundred Young Women Attend Services at St. Patrick's Cathedral.

Thirteen hundred young women representing the sodalities of twelve Catholic churches of the city which affiliated last June in what is known as the Sodality Union of Rochester, attended the first public demonstration and reception of the union in St. Patrick's Cathedral and Cathedral Hall last Sunday night.

In the morning the sodality members received communion at their respective churches at an early mass. The solemn and impressive services at the Cathedral Sunday night were presided over by Bishop Thomas F. Hickey who preached a sermon in which he dwelt upon the virtues in the life of the Blessed Virgin—faith, purity, charity and humility—commending them to all present. In the sanctuary were twenty priests, who assisted in the services. Solemn benediction was given by Rev. Arthur Hughes.

What Rosenberg Has to Say About the Value of Electric Signs to His Business

Here is his letter:

Rochester Railway & Light Co.,
Clinton Avenue North,
Rochester, N. Y.

Gentlemen:

Electric advertising has played a prominent part in developing my business.

As you probably know, I have used various electric displays and have had some large outdoor painted signs illuminated by electricity. This kind of advertising has materially assisted me in reaching my present location, 29 Main Street East.

I presume that hundreds of people have mentioned my present electric sign over the door, and I know it has been a business producer, even though it has been installed but a short time.

Please allow me to thank you for the courtesy shown me by every employee of your company while these signs were being planned.

Very truly yours,
Harry Rosenberg.

Mr. Rosenberg is a successful jeweler. He was formerly located at 14 Front Street, at which place he used an electric sign. He is now located at 29 E. Main St., where he is using new and more artistic electric signs. Would Rosenberg invest his money in Electric Signs if they did not help his business? The matter is obvious.

Have You an Electric Sign Working for You?

If not, phone us and our electric expert will call. He will furnish designs and estimates without charge.

How Father John's Medicine Got Its Name—Facts That Everybody Ought To Know

Father John's Devotion To His Work

In the early days of Lowell, Mass., one of the most prominent figures in the life of the city was Rev. Father John O'Brien, of St. Patrick's Church. He was a man of great energy and devotion to his parish. One day, as he was affectionately called by all, a new liniment became very much in demand and was attacked by a serious cold and throat trouble. His illness did not yield to the usual remedies. Finally he secured from a friend a prescription which he used for the following year of Carleton & Hovey where it was compounded. The prescription produced such excellent results that Father John was made to resume his labors among the people and every where he went he would recommend the medicine to his parishioners.

People soon acquired the habit of going to the old drug store and asking for "Father John's" medicine. In this way the medicine was named by the people and because of the results which it accomplished, it soon became the family remedy in every home.

From that time on, more than sixty years ago, Father John's Medicine has become more and more widely known, until today it is a standard family remedy in thousands of homes all over the country. Mothers especially recognize its value because they know it is a pure and wholesome food medicine which makes flesh and strength without using alcohol or dangerous drugs and is, therefore, safe for children as well as older people. Every druggist carries Father John's Medicine in stock. Many families keep it on hand constantly.

The Old Drug Store

A Safe Family Remedy

As a guarantee that all of the facts regarding the origin of Father John's Medicine, as stated above, are absolutely true, the manufacturers of Father John's Medicine will give \$25,000.00 to any charity, if it can be shown otherwise.
