

It Certainly Did Wonders
 1611 Kearney St., Mason City, Ia.
 August 1915.
 Our 14 year old boy was afflicted with St. Vitus' Dance most seriously since about 2 years. The doctor would get him out of bed and then he would seem to be pretty well, but never without shaking, and was hardly able to feed himself and then would become worse again. I know that he would not have been able to stand another such hard logic. Then my brother recommended Father Koenig's Nervine. The effect of which after the 2nd bottle was so good, that I could hardly believe that it was our boy and after the 3rd bottle he was completely cured. He is now working, has no more tremor of any kind. Neighbors and friends can all prove the truth of this.
