

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar
1 1/2 cups water
1 cup sanded raisins
2 sun-dried citron
1/4 cup shortening
1 teaspoon nutmeg
1 teaspoon cinnamon
1/2 teaspoon salt
2 cups flour
2 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.

Loses His Home as Result of Auto Crash.

Rather than take out liability insurance for a small sum, Mr. Motorist argued that the "best insurance is careful driving," so one day, careful as he was, he ran into and seriously injured a woman. She sued him in Supreme Court and his lawyer, an honest chap, advised settlement. The woman demanded \$5,000. Mr. Motorist had to sell his home to pay the demand. Had he insured with Wehn & Wedel, 209 Powers Building, the company would have settled the score, the home would have been saved and Mr. Motorist wouldn't have had to worry. Why wait for the crash? Insure now.—Adv.

THE G. S.

Announcement For Thrifty Catholics

Right in this section is a Manufacturing Concern that is Very Much out of the Ordinary. Just for Convenience Let Us Call it the G. S. Concern—But that is Not Its Real Name. Mention of the Firm's Name Would Immediately Bring a Flash of Recognition to Your Mind.

FOR A SCORE OF YEARS IT HAS BEEN ESTABLISHED. During that time it grew from a mere nothing to a big something. Its present big factory stands as a permanent monument to a steady growth, and a long list of satisfied customers.

THIS G. S. CONCERN IS MANUFACTURING AN EXCLUSIVE LINE, which is practically free from competition. Its products are popular and in demand. They sell fast—and repeat. In the manufacture of these goods there is a very big profit. In fact, the earnings were so satisfactory that "outsiders" never had an opportunity to share in them. In other words, the G. S. business was held tight.

Some Years Ago a Western Inventor Worked Out a New Idea in This Line. It was a Great Improvement.

THE IDEA QUICKLY DEVELOPED INTO A VOLUME OF BUSINESS THAT WAS RECORD-BREAKING. In a short while a string of factories was needed to cope with the demand. From its very inception the idea was a money-maker. This is evident by the fact that several substantial fortunes have been made by its manufacturers.

Recently the G. S. People Had a Chance to Acquire the Rights, Formulas, etc., for this Product.

THIS RARE OPPORTUNITY WAS QUICKLY ACCEPTED. Subsequently, the wonderful little product was made by the local concern.

Right from the start the G. S. firm had more business than it could take care of. Manufacturing facilities were many times improved by the installation of automatic equipment. Output was increased. The volume of business became heavier each day. With every appearance of the mail-man there came another bunch of orders.

Thousands and Thousands of Dollars' Worth of Business was Turned Down, Despite Herculean Efforts to Fill All Orders.

BUT AS ALL OF THIS TREMENDOUS VOLUME OF BUSINESS belongs to the G. S. concern, it proposes to take care of it. Therefore, its output will be increased by still further expansion in manufacturing facilities. This will be accomplished by a short cut—THE G. S. COMPANY WILL BE ENLARGED.

So Here Is Your Opportunity

THE G. S. COMPANY HAS BEEN INCORPORATED UNDER THE LAWS OF NEW YORK STATE. Its Capital Stock is all common (which means—share and share alike), fully paid and non-assessable. Par value is \$100 a share. For immediate expansion a limited amount of this Stock will be distributed to local and near-by investors at par.

CONSIDER THIS AN INVESTMENT OF THE HIGHEST ORDER. There is no speculation about it at all. Here is your opportunity to become a "profit-sharer" in a "profit-maker" that bids soon to be nation-wide in its scope. Its territory is boundless. Its possibilities for expansion are unlimited. And last, but not least, its profits are staggering in future possibilities.

REMEMBER, TOO, THAT THESE PROFITS WILL BE YOURS, because they are divided pro-rata among the stockholders.

If you are anxious to act on this opportunity to invest in the largest Corporation of its kind in this part of the country, sign and mail attached coupon quickly.
