

Without Nervinosis. August, 1915. Since about 2 or 3 years I was very nervous and irritable, so that I could not play the piano before an audience without trembling like gelatin. I had also sick headache every other day, whenever I stopped over it began, but since I took Pastor Koenig's Nervine I can play the piano anywhere without getting nervous and without any more headaches.

Wild Parrots Are Ringers. Parrots when in their native wilds live in flocks and guard themselves by a complete police system which enables them to marshal their collective force quickly when any animal or bird attacks one of their number.

The Eternal Feminine. From the fresco paintings of women in the Cretan palaces of the period about 2000 B. C. it is learned that the women of that time, plucked in their waists, had flourishes or acrochord skirts, wore an elaborate coiffure on their heads, shined with high heels and hats which might have come from a Parisian hat shop.

Training. "That man's patience and silent endurance are simply marvelous. How did he come to have such wonderful control over himself?" "He always went out with his wife when she was shopping to match samples."—Baltimore American.

Smoke Screens in Naval Warfare. The smoke screen or smoke attack that is so effective in naval warfare originated in the United States navy, being first used in our destroyer fleet when it was under the command of Captain Eberle.

The writer well remembers being present at such an attack off Block Island several years ago, when five groups of destroyers, twenty in all, crossed the head of a column of battleships until they were in the windward position, and then, with the leading destroyers smoking heavily, swept down the line of the enemy at a distance of about 1,300 yards. The pall of dense smoke rolled down to leeward, enveloping the enemy and screening the destroyers from observation, but above the dense and low lying bank of smoke could be seen the successive pairs of fighting tops of the battleships, and had the maneuver been an actual battle some of the capital ships would have been heavily torpedoed—Scientific American.

Largest Zoo in the World. The New York zoological park, both in point of area covered and the number of living creatures maintained there, is the largest menagerie in the world, and even the old established institutions of the kind in Europe, where there is no free admission, can boast of no better buildings or more splendid grounds.

At the New York zoological park there are more than 5,000 specimens representing about 1,300 species, and all of these have to be fed and well fed. In fact, some of the specimens, far removed from their native habitat, must be supplied with certain delicacies which they would obtain but occasionally in their native wilds, but which help them to thrive here. Nowhere are animals, birds and reptiles more carefully looked after, and the very few deaths at this park long since established it in a class by itself.—New York Telegram.

Proving Multiplication. The following method, which is taught in nearly all English elementary schools in India, is the quickest way of proving multiplication, and it will be found that it is absolutely correct in every case.

Example—Multiply 81689 by 3211. 41,508,440. Add all the digits of the multiplicand till one digit is obtained, thus: 8+1+6+8+9=32. Likewise with the multiplier, thus: 3+2+1+1=7. Multiply 32 by 7 and two results and add the digits of the digit is obtained, 8+3+2=13. Lastly, add the digits of the product, one digit is obtained, thus: 4+1+5+0+8+4+4+0=36. 3+6=9. The regular agrees with the result obtained by adding the digits of the preceding sums the product is correct. We get 9 in both cases. Hence the product is correct.—Machinery.

Using Bits of Embroidery. Save any embroideries of collars, cushions, etc., after the material itself, on which the embroidery is done, is so worn out that the piece is of no further use. The initials from handkerchiefs, and old lingerie can be put on new lingerie again. They are almost as easy as good as new. With the rest of the embroideries charming little gifts can be made. The pretty butterflies in colors on a woman's cushion were set in the days of a child's white apron. The trailing poppies of a cushion were applied on a natural color linen garden apron. Other uses occur from time to time.

Motorcar Suggestions. Examine your battery every other week; fill it with water if necessary. Examine the oil level in your crank case before each trip. Keep out of the car tracks and ruts. Do not finker with parts you know nothing about. Turn up the grease cups and fill the oil holes without waiting for squeaks. Test the inflation of your tires twice a week and keep them pumped up. Read the instruction book you received with your car. Wash your car immediately after every trip.

Denied the Statement. Sister is a very good child when she is asleep," said Tom facetiously, having heard some one else say the same thing. "I ain't dood when I asleep," declared sister. "I has had dreams and wake mauma up."—Philadelphia Ledger.

A Lot of Nothing. An Englishman, leaving a fortune of over \$200,000, provided for his wife in the following terms: "I bequeath to my once dear wife nothing. She left me for nothing and wants for nothing, and I have nothing more to say respecting her."—Argonaut.

Do It Skillfully. "You are lying so clumsily," said the observant judge to a litigant who was making a dubious statement of his case, "that I would advise you to get a lawyer."—San Francisco Star.

Fine Comparison. "Remember," said Mowls, "that riches have wings." "Well," replied Glimson, "the fact that a boiled chicken has wings doesn't prevent me from enjoying it!"

Real Hunger. A baby shouting for his morning meal makes as good an example of what a food riot really is as anything we know of.—Milwaukee Sentinel.

FLAG FLOATS OVER SCHOOL. Dansville, April 22:—A large new flag was raised last Sunday afternoon over St. Mary's school on Elizabeth Street. The steel flagpole, surmounted with a copper ball 18 inches in circumference, which had been covered with a gold leaf, had been erected on Friday, with the top 21 feet from the ground. At 2:30 o'clock the congregation gathered in the church for the Benediction, after which "Holy God We Praise Thy Name" was sung.

A procession then formed, consisting of a cross bearer, acolytes, twelve servers in red cassocks and white surplices, school children, members of the St. Boniface Society and the congregation, which marched in the order named across to the school grounds, six boys bearing the flag.

The exercises at 3 p. m., were as follows: Presentation of the flag by Frank J. Blum, president of the Blum Shoe Manufacturing Company; acceptance and blessing of the flag by the pastor, Rev. Leo G. Hofschneider, with appropriate address, oath of allegiance by all present; flag raising by two veterans, Baldie Vogt and John B. Kruchten, in uniforms of the Civil War; Singing of the "Star Spangled Banner"; address by F. J. Alverson; three verses of "America" with organ accompaniment by Miss Helena Neis. A large number gathered to witness the exercises.

Deaths. John S. Keenan, a well known attorney of this city, died Thursday morning at St. Mary's Hospital.

Mr. Keenan leaves his wife, Margaret M. Keenan; two sons, Timothy and John Keenan; two daughters, Genevieve and Mary Keenan; his mother, Mrs. Rose Keenan; two sisters, Sister Agnes Bernard, of the Order of St. Joseph, and Mrs. Rose Granger, and two brothers, Edward S. Keenan and Rev. James B. Keenan, pastor of the Church of the Nativity, in Brockport.

Sister M. Cecelia Smith, of the Sisters of Mercy, died on Monday, at Our Lady of the Lake Convent, St. John's Park. Sister Cecelia had taught music for a number of years in St. Mary's convent in this city and also in Holy Family convent, Auburn.

Sister Cecelia came from New York city and entered the Order of Mercy thirty-nine years ago. The funeral took place Thursday morning from the Convent Chapel, St. John's park. Interment was made in Holy Sepulcher cemetery.
