

Short and Long Twilight. As twilight is caused by the refraction of the atmosphere, without which we should be instantly in darkness at sunset, all parts of the earth have twilight, though of varying duration.

The shortest twilight at the equator is one hour and twelve minutes at the equinoxes in March and September; the longest is one hour and thirteen minutes at the solstices in June and December.

Pieric Acid For Burns. A well tried remedy for burns, used much before the advent of the present treatment, says the Medical Review.

Management the Key to Success. Alexander J. Hemphill, a prominent lawyer, says that the key to success in any business is good management.

Worry is Imagination. We worry because we are able through a power called self-consciousness to place ourselves through our minds for the time being either back somewhere in the past without carrying our physical bodies with us, or if we could take our bodies with us we would be in the present again, and then worry is impossible, or we use our imagination and project the future entirely apart from our bodies, for we cannot project our bodies into the future, and if we could we would again be in the present.

His Logic. "We could get along very well without lawyers," proclaimed the radical. "I consider lawyers nothing but parasites on the body politic."

A Test Required. "Johnny, it was very wrong for you and the boy next door to fight." "We couldn't help it, father."

Truth. We are born to inquire after truth. It belongs to a greater power to possess it. It is not, as Democritus said, hid in the bottom of the deeps, but rather elevated to an infinite height in the divine knowledge.

Close and Near. Promoter - Haven't your eyes close friends who have money? Inventor - I have one, but he is too close to give up any.

Children's Headaches. "Children," says a noted English physician, "have no business with headaches, and if these occur frequently at any school there is something evidently wrong there. The headache girl is not unlikely to grow up an invalid woman, and the unstable mental state may develop into epilepsy."

Man and the Dog. We are alone, absolutely alone, on this chance planet, and amid all the forms of life that surround us not one, excepting the dog has made an alliance with us. A few creatures fear us, most are unaware of us, and not one loves us.

Tramp Traps. The Southern Pacific railroad has several "tramp traps" in the shape of freight cars which are left in condition to invite the tramps, and after a number of them have boarded it the doors are mysteriously closed and they are prisoners.

The Contrast. "Did you miss your first husband very much?" "Not until I married my second." - London Opinion.

Youth is a blunder, manhood a struggle, old age a regret. - Disraeli.

The Solitary Breakfast. At first blush breakfast seems a solitary meal; at that hour a man is best satisfied or least discontented with himself and in a mood to make the twilight, though of varying duration.

When a Bear "Charges." "Bang" rang out a shot. "Spatter" went a bullet against the rocks a hundred feet perhaps from the bear.

Letter Writing. De Quincy advised "all who would read our noble language in its native beauty, racy in its phraseology, delicate yet sinewy in its composition, to steal the mail bags and break open the letters in female handwriting."

Hurled into Sunshine. "I was in Petrograd just after the revolution, during the first appraisal of the new assets," writes Isaac F. Macomber in Everybody's.

Man More Liquid Than Solid. Every fiber and every cell that enters into the formation of a living body is bathed in moisture, by which means alone these ultimate elements are kept alive and are enabled to carry out their duties.

Spain and the Mustache. The home of the mustache is in Spain and here is the history of its origin. After the Moors first invaded the country the Christian and Moslem population became so mixed that it was difficult to say which were Moors and which Spaniards.

You Must Be Earnest. That which dominates the life, which is ever uppermost in the mind, generally comes some where near realization, but there is a great difference between a lukewarm desire and a red-hot purpose.

The Better Plan. Teacher - I am teaching your son first aid. Father of the "Dullest Boy in Class - Better teach him 'Dullest Aid' instead, 'as' he's so dumb slow he'll never get there in time to use the first aid.

Two Relatives. Bess - Charlie, will you tell me what time it is? I've left my watch at my aunt's. Charlie - Awfully sorry, but I can't. I've left mine at my uncle's.

Welcome News. Widow - But I have fine children. He - Wretched deceiver! Widow - They are all working. He - Dearest one! Michigan Gazette.

Austria's Black and Yellow. The Austrian black and yellow were the colors of the Holy Roman Empire. They were adopted, so the story goes, by Frederick Barbarossa, whose fancy was captured at a ceremony in Mayence by the black and gold flooring of the hall.

That Made a Difference. A cartman charged with overloading his horse was asked how heavy a load he had on his truck. "About a ton," he replied, "but it was all light stuff."

Sure of It. "I have looked over this girl. Will it be crazy about, and I tell you she won't answer." "Oh, yes, she will. If anybody asks her." - Baltimore American.

Glory, ambition, armies, fleets, thrones, crowns - playthings of grown children - Victor Hugo.

Not Hesitating to Recommend It. 124 11th St., Loganport, Ind., May 1915. Having suffered 3 years from nervousness at last found relief in Pastor Koenig's Nervine. It helped to disperse the blues, I dreaded to do my daily duties, could not stand any exercise and would not be at home for my friends, did not want to converse with anybody, but now I regained my usual remarkable disposition. I have therefore not hesitated to recommend the Nervine to anyone suffering from such nervous ailments.

Styles May Come and Styles May Go. The Colonial style in dining-room furniture apparently goes on forever. You may buy a Colonial dining suite of standard design in either oak or mahogany with the assurance that it will be as good style fifteen years hence as it is today.
