Why does a fire burn? This is at first a question that puzzles the child. In a simple way, the fire burns because the oxygen of the air is being consumed. It is the oxygen that makes the fire burn. If you take away the oxygen, the fire goes out.

Man Who Succeeds. Thomas I. Wilson, the Chicago packer, says in the American Magazine: 'The higher up he is the more dependent an executive is on those under him. The real success of an executive is measured by the number of people who work for him and the amount of money he has in the bank.'

St. Mauritius Commandery, Knights of St. John, gave a dinner Wednesday night at St. Joseph's Hall, Franklin Street, in honor of the 100th birthday of Herman Langknecht. Mr. Langknecht made a brief address during the evening and his spirit was apparently the youngest man present.

Hargather, chaplain of the First Regiment, delivered the address of congratulation. Other speakers were: General Henry Lieder, of Buffalo, General Fred Kleinhaus, General George E. Mr. Langknecht lives at 60 Mead St., and is in good health.

Office Training for Stenographers.

We have just installed a new and complete Office Training Department in connection with our Shorthand and Typewriting courses. We have placed this department in charge of Mr. Walter E.
