By direction of the Supreme Pontiff a universal catechism is to be compiled. In its compilation or preparation all the Bishops are to be enlisted and all the Bishops will forward to Rome three copies of the catechisms used in their respective dioceses. The universal catechism, when finally approved, will then be officially translated into the languages of the world.

If Its Cold Storage, We Have It

A year ago we installed equipment for rem factory retreading and have been busy ever since retreading tires coming to us through the recommendation of satisfied customers to their neighbors and friends. To those not familiar with our work we desire to explain that all old rubber is removed and new tread applied exactly as tire was originally built. This represents greater saving than ever, for while all tires have advanced in price our price remains the same. Bring in all the old used tires you have and if none of them are fit we will positively say so and not attempt the work, and will accept same in payment toward our retreaded tires or new Standard tires.
