

HELP WANTED

By CATHERINE CRANMER.

"But, Ann Marie, if I marry, it means that I'll have to give up my anthropological hobby."

"And if you don't marry it means that you'll become the worst of all bachelors—an unattached old man with a divorcee hobby."

"Thank you; it's really because you're such an efficiency expert in all you undertake that I shiver when you try to induce me to marry."

"The next morning John went off early for a day's fishing, but he was annoyed to find his favorite bait under a big elm occupied by many moths."

"Not a bad beginning, is it?" The smiling response came in a voice of natural sweetness.

"You, and makes me question my right to say here even for an hour when I might be helping somewhere."

"As I've said here only after day said John, haltingly: "I've thought out a plan of what I hope to do. Wonder if you'd tell me what you think of it?"

"Come here, you tramp," called Mrs. Antes from the dining room. "I shall expect you to dry guest just as you are."

"Nothing would please me so much as to have Miss Morton's help in working out my plans," said John in a tone sincerely serious.

"Now they say women are to wear trousers."

ITALIAN A FAITHFUL TOILER

Does Not Drop His Shovel as Other Laborers Do When the Whistle Blows.

There is a much lower percentage of criminality, immorality and insanity among the Italians than among many other immigrant races.

The immigrant from Italy proves to be a faithful and cheerful worker. When a contractor engaged in building a city sewer was asked why he had only Italians employ he replied:

The Italians are industrious, good natured, very affectionate toward children, courteous and polite often to the point of obsequiousness and self-sacrificing.

JOY FOR THE SCRUB WOMAN

Electrical Machine Does All the Tedious Work While Biddy Stands By and Grins.

The latest recruit to the ranks of electric labor saving devices is a scrubbing machine.

The machine was swept, scrubbed and dries the floor at a single operation. It requires only a single attendant who merely pushes the machine forward and guides it.

ROUGH FOR THE SLACKERS

For some time the boys in khaki have been recruiting from the lumber yard.

The shallow trench around the base of the pit should have an outlet for carrying off the water. Supplement the dirt covering with manure, straw, corn fodder or other protective material.

JUST DREAM OF LOVE

English girls seem to prepare themselves for marriage in the absence of lovers.

"Oh," said he, "I have often dealings with Tim Budo, in Africa, for ivory with my old friend Ben Gal, for rice. Bill Bea sends me fruit from Spain, and there is Pat Agonia and Sam O'Thracin and Frank Uno, and—"

DISTANT FRIENDS

A person well skilled in geography asked a loan of a friend stating that he had been in all quarters of the globe and had friends in each.

"Hold," replied the other; "you can be on good terms with friends who keep themselves at such a very great distance."

WHAT CAMOUFLAGE IS

Camouflage is simply the art of disguising military objects by any means whatever—painting, shrubbery, smoke screen or any other device.

In Danger. "Now they say women are to wear trousers."

HOW TO SEND MAIL TO THE SOLDIERS IN FRANCE

Already there has been established at General Pershing's headquarters "some-where along the western front" a complete American postoffice station, officered and manned by trained postal officials and employees taken from New York, Philadelphia, Baltimore and other large cities in the United States.

Put down the soldier's name and rank on the first line of his company and regiment on the next and the words "American Expeditionary Force" on the next.

Unlike the stricter policy attempted at the outset of the war by the armies of Europe, it is not the present intention of the war department to restrict the communications sent home by soldiers to printed cards, containing stereotyped phrases which the soldiers can strike out or leave in as they suit his particular state of spirit well being.

TWILIGHT SLEEP HAS COMPETITOR

"Twilight sleep" it is said, will be superseded by the use of nitrous oxide gas to make childbirth painless.

Nitrous gas, according to Doctor Davis, deadens all pain, but allows freedom of thought and action. A patient under its influence can follow instructions, and it need be inhaled only in small quantities and at infrequent intervals to be successful.

HOW TO STORE ONIONS FOR WINTER USE

A dry, well ventilated place, such as an attic, furnishes a good storage place for onions in winter, as slight freezing does not injure them, provided they are not handled while frozen.

To keep well onions must be mature and thoroughly dry. Put them in ventilated barrels, baskets, crates or loosely woven bags as good ventilation is essential to the keeping of onions.

TO GO TO MARKET

of Toulon Buy Foods Much as is Custom in Some American Cities.

To the continental woman, marketing is both a time-hallowed custom and a leading outdoor sport. Europe has always been far more economical than America and this method of careful food purchasing is one of the first aids to economical housekeeping, according to Nilsen.

On either side of the pavement under the plantains are ranged scores of stalls covered with drab awnings. Most of the stallkeepers are women—Frenchwomen, Italians, Corsicans, Spaniards. They sell all the vegetables known in botany, and delicacies like mushrooms, snails and ravioli which is a dish made of macaroni and meat, as well.

An Interesting Bit of History Everybody Should Know
One of the interesting places in Lowell, Mass., is the old apothecary shop on Merrimack street, established in 1827. This location is still a drug store, although of course modernized in many departments. The old prescription books, however, have been preserved and form an interesting record covering nearly a century.
Perhaps one of the most interesting books is that of the year 1855. On one of the pages of this book, that dated June 6th, 1855 is written the original prescription for Father John's Medicine. This prescription was compounded for the Reverend Father John O'Brien at the old drug store on that date, and was so successful in treating Father John's ailment, which was a severe cold and throat trouble, that he recommended the medicine to his friends and parishioners. In going to the drug store and calling for the medicine, they always asked for Father John's Medicine, and in this way the medicine got its name and was advertised.
Father John's Medicine is a safe family remedy for colds, coughs, throat troubles, and as a tonic and body builder, because it does not contain opium, morphine, chloroform, and any other poisonous drugs, or alcohol, but is all pure, wholesome nourishing.
