A Comer in the Sitting-room in a Telephone Central Office

## A Glimpse at the Girl with the Voice With the Smile

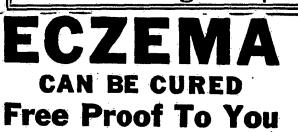

TE have just printed an illustrated booklet, describing the work of the telephone operator. It tells of the importance of this most interesting profession. It tells of the operator's pay; of her opportunities for promotion; of the Benefit Plan that protects her and of the careful provisions that are made for her health and happiness.

It describes the large, well-ventilated central offices, the cosy sitting-rooms and the modern dining rooms. It gives you the secret of why there is a smile in her voice when she says "Number, please?"

If you are interested in this most attractive profession, telephone, write or call at our mearest commercial office and ask for a free copy of "An Ideal Occupation for Young Women
