

## Rebuilding Health After Any Illness

Getting Well Means Gaining Strength--A Wholesome Tonic

The getting-well stage of grip, pneumonia or other illness is the most dangerous of all because the body, weakened by disease, is wide open to attacks of other lurking germs. That is why all the organs of the body must be kept in their best working order, not only to drive out the poison left by the disease, but that the patient shall regain strength as soon as possible to avoid further attacks resulting from the poisons in the system. As a means toward good health after any illness Father John's Medicine builds up the body because it is all pure wholesome nourishment and free from opium, morphine, chloroform or other poisonous drugs or alcohol. Father John's Medicine has had 60 years' success for colds and throat troubles, coughs and sore throats, and as a tonic and body builder.

**Proof:**  
"After an attack of pneumonia the doctor ordered me to give my baby Father John's Medicine and as a result he regained health and strength. I always give it to my children whenever they catch cold. I am writing this to tell you how grateful I am to Father John's Medicine." (Signed) Mrs. Geo. Hunsberger, 1064 Pike St., Reading, Pa. Because of its body-building, strength-giving food value, Father John's Medicine is an ideal family medicine for all who are weak and run-down.
