

Why Buy VICTORY NOTES?

VICTORY NOTES will make your dollars do double duty: you lend your money to the Government and you provide for your family's future. At the end of a few years the Government will return you the full amount loaned, with interest in the meantime.

If the signing of the Armistice had been delayed by several months or longer, you would have subscribed to more Liberty Bonds to carry on the War. Subscribe now to the Victory Loan in order to help the Government pay off obligations incurred in order to speed the end of the War.

CELEBRATE the coming of Peace by helping the Government meet its obligations contracted during the War. **LEND** to the Government.

THE Government needs money to care for the sick, the crippled, the wounded, those who fought our battles "over there." Help Uncle Sam pay his and our debt to them.

OUR boys did their part. We Americans bought Bonds of the first four Loans to help them. We have won the War, but we have not paid all the debts incurred in winning it. Buy Victory Notes to pay these debts.

REMEMBER that United States Government Securities are the safest in the world. Invest in Victory Notes, and keep them.

YOU invest \$50 now and you get back \$50 when the Notes come due. Draw your interest in the meantime.
