

No Man Need Be Poor!

Yet most men, and women too, ARE poor all their lives. Why? Because they cannot recognize OPPORTUNITY. Because they cannot see the merits of a NEW proposition BEFORE it has become an established success. Because they NEVER "get in on the ground floor."

Here Is YOUR Opportunity

THE GLASS CASKET CORPORATION

Offers \$500,000 of Common Stock at \$15 Per Share

A WORLD Necessity! A SURE Moneymaker! Terms: Half cash; balance 30 to 90 days
Headed by Men of KNOWN Ability and Integrity!

A New Enterprise

The Glass Casket Corporation will manufacture the new glass burial casket, made possible by patents of recent issue.

It will also manufacture the heavier glass articles which other plants are not equipped to turn out in quantity.

Through control of patents, the Corporation has EXCLUSIVE rights in the states of New York, Massachusetts, Pennsylvania, New Jersey, Delaware, Maryland, Vermont, Maine, New Hampshire, Connecticut and Rhode Island.

The Corporation's plant, now nearing completion in South Altoona, Pa., occupies 7 acres of land and will be one of the most complete glass plants in the world. It will employ, at capacity, 300 to 500 men.

The Wonder of the Age

The glass casket is the wonder of the age. It solves a problem as old as civilization by providing a burial casket that will not decay or crumble away.

It is the ONLY casket that will not yield to the ravages of time. It is air and water tight, vermin proof.

It can be made in all commercial sizes and in any finish desired.

It sells in competition with better wooden caskets and undersells metallic caskets.

See the exhibit of models at our headquarters, 87 East Main St., Rochester, N.Y.

FORTUNES HAVE BEEN MADE BY FORESIGHTED INVESTORS IN NEW ENTERPRISES

They "got in on the ground floor" while others looked on and feared the outcome

It is almost impossible to trace the enormous profits received on the dollar of the original investor in the following inventions. Here are a few available figures, that are reliable as far as we are able to ascertain:

\$100 invested in Toledo Glass (Owens Bottle) earned.....	\$19,000	\$100 invested in Overland earned.....	\$ 20,000

5,000 Millionaires

"Five thousand Americans are worth \$1,000,000 each because they invested their earnings in new things.

So spoke the great Westinghouse on one occasion. And he is not alone in suggestion that money INVESTED is the short cut to riches.

J. P. Morgan said:—"The foundation of wealth is the first \$100 wisely invested."

Graham Bell said:—"Find the newest business invention and buy stock."

Hetty Green said:—"The way to get rich is to invest in necessities."

Chauncey Depew said:—"Buy when the stock is first offered."

What do YOU say? Investigate and Decide!

How Much Can You Make?

This is one of the first questions careful investors ask. With us, it is necessarily a matter of estimates, but these figures will help you:

In the states controlled by the Corporation, approximately 500,000 deaths occur annually.

Assume we sell 5 per cent. of this business--a very low estimate. This would mean 25,000 caskets sold annually.

Assume that we make a net profit of only \$10 on each casket--again a very low estimate. That would mean \$250,000 annual profits or 25 PER CENT. on the total authorized capitalization of \$1,000,000.

In addition, the Corporation expects to earn a substantial profit on the manufacture of articles other than caskets.

Invest Wisely

The Glass Casket Corporation, in offering its stock for public subscription, follows the plan adopted by some of America's biggest money-making enterprises.

Money put into it is an INVESTMENT in a manufacturing concern that is tapping a rich new field. It is SOUND, it is PRACTICAL, it has every prospect of earning remarkable profits.

The Corporation invites the fullest investigation. Full information can be obtained at its offices, 87 East Main St., Rochester, N. Y.

Callers will be welcome. Letters will receive prompt response. Telephone calls will be courteously handled.

Invest any amount you like, from \$15 up. The only limit is the corporation's rule that it will sell no more than 5 per cent of the issue to any one party!

JOHN D. ROCKEFELLER once said:—"Don't delay! Get in while you can. The unwise man thinks a thing is no good or it would not be offered to him."
