SPRING MEDICINE

The body is like a machine, it has to be adjusted to the conditions under which it lives. Spring marks the change from cold weather to hot weather conditions.

Hence, in Spring, body cells become tired or lazy and need help in repairing and rebuilding themselves, to resist the effects of heat and its handicaps. Drugs may stimulate temporary action. But Father John's Medicine contains no drugs, no alcohol, but one of Nature's great food-medicines, which is easily digested and promptly made use of by body cells. In use for over sixty years. Try it.

Catholics Depict Mexican Outrages

(Continued from 1st page)
Americans in Mexico had suffered, especially after President Wilson's opposition to Huerta had resulted in the success of Carranza. After Carranza's succession to the presidency of Mexico the spoliation of the churches began in real earnest, Mr. Slattery said. Nelson O'Shaughnessy, former charge d'affaires at Mexico City, in his testimony before the Senate Committee, declared that Lind was "bitter" against the Catholic Church. Lind believed that all Mexico's troubles were religious, due to the influence of Catholic Church, Mr. O'Shaughnessy said, adding, "Lind so stated to me."
