A Practical Course in Selling.

The twelve-evening course in Salesmanship, conducted by Mr. C. W. Campbell at the Rochester Business Institute, will open Monday evening, October 4, at 8 o'clock. This course presents the principles of salesmanship in such a clear, able and practical form that it attracts many salesmen and sales managers. The explanations and answers to questions by the instructor and the discussions of sales problems by members of the class make the course ideal for beginners who desire to study Salesmanship in a class with students who have had experience in selling. There have been many inquiries about this course and enrollments are now being received. The class will be limited to fifty and if you wish to be sure of admission to this class you should enroll without delay. Call up the R. B. I. for particulars. Stone 326, Main 3869. —Adv.

HAVE GOOD APPETITE BUT CAN'T GAIN WEIGHT

Thin People Need the Real Food in Father John's Medicine to Build New Flesh

You know people who cannot seem to gain weight, yet they have good appetites and eat more than a normally healthy person.

The reason is that the digestive system does not secure from the food that is eaten the nourishment and flesh forming elements which the body needs in order to build up normal weight. Because of the fact that the flesh forming food elements of Father John's Medicine are in such a form that they are easily taken up by a weakened digestive system many people find that they gain weight steadily while taking this old-fashioned doctor's prescription which for more than sixty years has been the standard family medicine in thousands of homes. Because of its freedom from narcotic drugs and alcohol Father John's Medicine is safe for every member of the family.

A Very Successful Salesman

Recently stated that his experience convinced him that all young persons should have instruction in salesmanship to make their preparation for business success complete. The work of all employes in business offices has a close and vital relation to the sales that too many of the employes, and sometimes even the managers, do not realize. This relation is very clearly explained and illustrated in Campbell's Salesmanship Course in the R. B. I., which will begin Monday evening, October 4. Full information about this course can be secured at the R. B. I. office, 172 Clinton Avenue South. Stone 326 and Main 3869. —Adv.

The Unshrunk Dollars

The purchasing power of the dollar has shrunk to less than one-half its pre-war value. A dollar spent now will bring you only a fraction of its one-time worth. On the other hand, a dollar saved now will be worth considerably more in the future than at present—in addition to the interest it will earn here. So you see that this is one of the best times in history for saving money.
