at Moscow. Their "confessions" are in the Second Federal Reserve Disin the same cant. It is of great signi-triet. heaner, too, that a man like Merges,

for a time the red "ruler" of Bruns FINANCIAL PAPER ADVISES wick, is not at all reluctant to speak PURCHASE OF LIBERTY BONDS out his mind about the shortcomings. Under the caption "This is no Time of Russian Communism. "The com to Sell Libertys", the Financial World rades" were given an account of his in this current issue states that current Bussenh exeptionies in several lectures, market prices of Liberty Bonds makes in which the delegate expressly de it a particularly opportune time for clares that the Communism of Russia people to buy them now. The publicais not a genuine Communism at all; tion compares the present bond situa that matters were in a had plight, and tion with that in existence following that 'there was much depression. He the Civil War when Government Bonds emphasized that present day Russia sold at a premium and declares "what was not suitable for colonization and held good then will hold good now."

that the German workingmen should. This comment on the part of a finanbe warned against emigrating to Rus cial authority will no doubt help stabulize the Liberty Bond situation, Dark Outlook whose prices have been on the upward

And, in truth, Russia's outlook on frend in recent weeks. The editorial the morrow is not the brightest, for in part reads as follows:" today conditions there carry a very "The warning recently issued by the dark and discouraging aspect. Data Federal Reserve Board that the Govregarding birth and death statistics in ernment is able to protect those who Petrograd, as compiled by the People's hold their Liberty Bonds and purchase Health Commissioner, have just been more of them, while it cannot protect published for the year 1919. Accord those who sell at the present low leving to this compilation, the rate or mor els, was opportune.

tality per thousand was 21.5 in 1911, "The Federal Reserve Board believe 23.1 in 1912, 22.2 in 1913, 22.5 in 1914 that the outlook is a bright one. This 23.2 in 1915, 32.5 in 1916, 25.7 in 1917, should prove encouraging to Liberty 43.6 in 1918 and 74.9 in 1919. The Bond owners.

number of births, on the other hand, "But the real thing is the bonds, figured as follows (per thousand): 29.4 even though they are selling low today in 1911, 28 in 1912, 27.5 in 1913, 26,2 are as good as when they were first in 1914, 22.8 in 1915, 19.4 in 1916, 15.2 sold to the public. And the Governin 1917, 15 in 1918 and 13 in 1919, ment is as strong financially as ever it From this we see that in the year 1919 was-stronger than ever, if anything, the number of deaths exceeded that of "This would seem the very time to births six times in the largest city of buy the Liberty Bonds issues. It was Russia. As we reflect on the grimness when prices were low that men bought of the situation the imp of irony puts bonds after the Civil War and reaped the question whether this stalking fortunes when things got back to norshadow of death is the harbinger of the mal. What held good then will hold great millenium. C. B. of C. V. good now."
