A Market of Service

We earnestly hope that every store friend will become acquainted at once with the New Meat, Poultry and Vegetable Market. If that acquaintance inspires patronage, which we believe it will, so much the better.

In this new Market we have endeavored to look to everything which makes for the interest of the patron—best appointments, Meats, Poultry, Vegetables and Fruits of first quality, and a service which will satisfy in every particular.

If you contemplate making a number of purchases, you may give your commissions to one of the general order salespersons, or better, if you prefer to make personal selection of products at the various counters you may do so most expeditiously. At the "Purchase Card" Cashier's desk simply ask for a "Purchase Card." Each salesperson who waits upon you will enter your purchase on this card and dispatch your purchase immediately by conveyor to the Assembly and Packing Desk. When you have completed your trading you go to the Cashier's Desk with your card and give instructions for the delivery of your purchases. All will reach you promptly.

This system we think will prove a material convenience and time saver to our patrons. Supervisors on Market and Grocery floors will be pleased to explain to you more in detail if not clearly understood. May we serve you?
