of St. Patrick's Church, Brook-
lyn, died at 3:30 o'clock this
morning in the church rectory.

ST. BRIDGET'S.

A novena in honor of the Im-
maculate Conception and Mary,
queen of peace, opened in this
church on Tuesday evening and
will continue for nine consecutive
days.

On the occasion of the signing
of the armistice a beautiful
shrine of Mary, queen of peace,
dedicated to the Rochester boys
of the army and navy, was bless-
ed with impressive ceremonies.
The occasion attracted a congrega-
tion that taxed the church to
its capacity. It is expected that
no less interest will be manifest-
ed on this occasion when these
unusual services are held.

A special musical program will
be sung by the children's choir
of 100 voices. The morning mass-
es will be said at 7 and 8 o'clock.
The novena will end on the even-
ing of December 8, the feast of
the Immaculate Conception.

Why Father John's

Medicine
Is So
Good For
Coughs

A Cough may result from a great
many different causes, and is always
dangerous.
Father John's Medicine will relieve
most coughs.

BECAUSE

Its healing elements soothe the irri-
tated breathing passages.
Its gentle laxative effect helps to
throw off impurities.
It tends to "loosen" the cough and
get rid of unhealthy mucus in the
breathing passages.
Its pure food body building elements
build new strength to resist the wear
and tear which any cough makes on
the system. This new strength helps
to get rid of the basic cause of the cough.
It gives genuine relief, not a tem-
porary effect, such as comes from using
cough medicines containing poisonous
narcotics.
Remember Father John's Medicine
is guaranteed free from alcohol or dan-
gerous narcotic drugs in any form.

How It Started

MAPS.
THE earliest known maps were
those of Sargon, king of Akkad,
in Babylonia, which existed 3800 B. C.
These were topographical plans used
for purposes of taxation. The first
map of the world is credited to An-
aximander, who lived about 580 B. C.;
but the real founder of map-making
and the study of geography was Aris-
totle, who first expounded the theory
that the earth is round.

**There Is No Excuse
For Buying the Wrong
Vacuum Cleaner**

When you stop to consider that you can have a
free demonstration in your home of any vacuum
cleaner on the market, there would seem to be
absolutely no excuse for buying anything but the
best.

THE HOOVER doesn't fear competitive dem-
onstrations - it welcomes them. Don't buy a
cleaner until you've tried the HOOVER, and if you
try another cleaner at the same time, Oh, Boy! so
much the better.

THE HOOVER can be had on terms which
mean no more than 21 cents per day. So it isn't a
question of easy terms—it's a question of merit
and that's where THE HOOVER "SHINES."

Let us give you a free demonstration in your
home at any time to suit your convenience. Day
or night.
