### To The Catholic Clergy And Laity

The MOTION PICTURE THEATRE OWNERS OF AMERICA take this means of assuring the Catholic Clergy and Laity that they are only willing to co-operate with the National Catholic Welfare Council in any movement for the betterment of the screen.

Exaggerated misrepresentations of fanatical agitators, preaching Censorship for the jobs it would bring them, should not mislead our Catholic friends, who may themselves, at any time, find their cherished doctrines jeopardized by an extension of the Un-American principle which inspires Censorship.

## The Washing for a Family of Five or Six Can Be Done in About Two Hours. Think of It!

Time out of number has the statement been voluntarily made by users of the Edison Electric Washing Machine that the washing for a family of five or six is finished and made off it on the line in about two hours from the time of starting.

Add to this great saving of time and physical labor the saving in wear and tear of fabric and you couldn't have a more convincing argument for investing in an electrically operated washing machine.
