THE NEW CHANNELL IRON SETTEE

A Settee made of channel iron is being featured by the Reising Wire Works, 193 South Avenue, Rochester, N. Y.
 The Settee is made in three sizes and the workmanship is of the very best. This is the first time a Settee has been made of channel iron and this feature standing alone argues well for the sale of Mr. Reising's product.
 Mr. Reising has been engaged in the wire and ornamental iron business for over twenty five years and is being warmly complimented on his latest innovation.

THE AUTO FIRST AID CABINET.

The Artisan Sheet Metal Corporation manufacturers of high grade sheet metal novelties, located at 8 Pitkin street, Rochester, N. Y. is offering an Auto First Aid Cabinet, collapsible camping stove, and Ever-Kold lunch case that should find favor with motorists who take delight in making lunches while on tour.

The First Aid Cabinet made by the corporation, is built to fit on the dashboard of any car. It is made of high grade material and has four compartments. The Ever-Kold lunch case has ice compartments, the walls are insulated and the case is guaranteed to keep the food hot or cold for twelve hours.

EXIDE BATTERY SERVICE STATION.

When a man is able to satisfy the most exacting demands of all classes of people, then it must be acknowledged that he has reached an enviable position in his trade. Such is the case with William Buckwell, proprietor of the Exide Battery Service Station at 95 East Avenue, Rochester, N. Y.
 Mr. Buckwell served his apprenticeship at the Exide Battery depot in Rochester for five years, as he realized before starting in business that to make a Battery Station most efficient it was necessary to install the best equipment possible and then to employ competent help. This he did and as a result the business has reached a high state of efficiency. The Exide Organization recognized the ability of Mr. Buckwell and as a consequence have designated his establishment as a Service Station. While Mr. Buckwell makes a specialty of the Exide Battery he is in a position to repair and recharge all makes of batteries.
 Essentially the same fishes extend from Florida to Brazil.
 City soil is said to be superior to country soil for wild oats.
 Diplomatic posts are now being demanded by British women.

AUTO OWNERS
 Ever try guessing the time of day? Try it now and then look at your watch. You will find you're wrong every time.
 It is just as difficult to guess the speed of your car, but the motorcycle policeman knows your speed. He checks it up on his Stewart Speedometer. Then a little trip to court. A kind hearted judge may fine you only ten dollars and costs five. Think of this you can get a Stewart Speedometer for fifteen dollars at the Stewart Products Service Station, 258 East Avenue, Rochester, N. Y., and keep out of court.
 The installation is a patented Stewart feature. No perfect round hole required, no special tools for cutting. Simply cut a piece out of the board, the flange covers the rough edges completely.

PAINT PRESERVES
 A pot of paint and a good rugh can do wonders around a house and garage at this time of year. Nothing so improves the appearance of a home as having it painted, inside and out. The home owner can paint the interior of his own dwelling himself without going to the expense and muss of having it done by outsiders, but the quality of the work will depend largely upon the quality of the paint used.
 Good paint is sold by O. W. Fraiss, 402 Campbell street corner of Child street, Rochester, N. Y. When compared with results of use, the cost of painting is trifling. Nothing preserves the screens as does a coat of good paint.
